Chapter Twenty One: Hope

“Introduction”

Hello. My name is Denny Ray of the Family of Hardin. I am a “Private Citizen” labeled a “Sovereign” by our government to diminish my credibility. At this time in my life, I am sitting in a “GEO” halfway house after serving over 8 years in Federal Prison. My crime was trying to help people pay off their debts, but banks, mortgage companies and financial institutions, have a “Conspiracy” established that protects their “Organized Crime”. The purpose of this book is to show my fellow Americans the facts, law and evidence that my lifetime of research and study have unveiled. It is my sincere hope that this book will allow all Americans to unite in the belief that “B.A.R. Association Members” (attorneys, lawyers, judges, politicians, media, bankers, etc...) are our enemies and must be seen in their true light. Only when they can no longer divide us and put us at odds with each other, only then will America be great again.

Chapter One

“Denial of Due Process of Law”

The following is my last step while in Federal Prison, that is currently pending “In The Chancery Court For Jackson County, Missouri”, where Circuit Judge John Torrance attempted to destroy it and has refused to date to assign it a case number. This “Bill of Equity By Affidavit” is my “Complaint” against Federal District Judge Gary A. Fenner who I have filed on in State Court for his conduct within Missouri State. The reason I am presenting this in it entirety is for all those legal Eagles who have been seeking a court of accountability where past wrongs can be correct. This is the sole purpose of the “Chancery Courts”. They have been hidden from the American People in plain sight and obstructed by the B.A.R. Association Membership to deny us the “Right to give evidence” 42 U.S.C. 1981 against the crimes of our “Public Servants”. I have served over 8 years in Federal Prison and been denied every appeal, every Habeas Corpus and every due process of law that is Constitutionally required by every Judge of this land. This document explains in detail my reasons for believing that I was wrongfully incarcerated by a

"Declaration of Independence" of July 4th, 1776, to be certain unalienable "Rights" of Life, Liberty and the Pursuit of Happiness. This "Bill of Equity By Affidavit" is the exercise of the 1st Amendment Right to petition government for the redress of grievances, that have taken Petitioner's "Rights" of Life, Liberty and the Pursuit of Happiness in violation of the 1st, 4th, 5th, 6th, and 8th Amendments of the Constitution for the united States of America. Petitioner seeks correction of past wrongs and the restoration of "Rights" taken without jurisdiction or authority of law. Petitioner will proceed within the Missouri Common Law standard that says a good petition states the facts and the authorities relied upon.

"Jurisdiction"

The "Chancery Court", according to "Black's Law Dictionary" is a "Court of Equity", a "Court of Law" proceeding at "Common Law". The Maxims of law are clear, "He who comes to equity must come with clean hands." "One who seeks equity must do equity." "Equity delights to do justice and not by halves." "Equity will not allow a remedy that is contrary to law." "Equity will take jurisdiction to avoid a multiplicity of suits." "Equity follows the law." "Equity will not allow a statute to be used as a cloak for fraud." "Equity will not suffer a wrong to be without remedy." These principles of law establish the "Chancery Court" has authority and jurisdiction to hear and determine "Rights" of this cause of action.

"Statement Of Claim"

Petitioner has a substantial Right to Life, Liberty and the Pursuit of Happiness that has been taken away without an injured party, without a signed complaint, without a lawful warrant supported by probable cause and without due process of law. Petitioner has been unlawfully, illegally and unconstitutionally seized and incarcerated in the Federal Bureau of Prisons, without a lawful Judgment, competent fact witness, injured party or findings of fact and conclusions of law establishing evidence of a crime.

Petitioner has been diligent in his fight to restore his God given unalienable "Rights" through the Federal District Courts, Federal Circuit Courts and Supreme Court of the United States who have utilized "statutes to cloak their fraud" in denial of remedy and adjudication of their rules, statutes, cases and codes, that

condemn the conduct of the Respondent. Petitioner has fought 8 years to restore "Rights" and through "conspiracy against rights" has been deprived of vindication to allow a fraudulent "Order of Incarceration" to stand unchallenged.

Petitioner stands on his 5th Amendment Right that prohibits taking Life, Liberty or property without due process of law. Petitioner states he is wrongfully incarcerated and is entitled to restoration of "Rights" to Life, Liberty and the Pursuit of Happiness. The evidence of wrong doing by the Respondent is a matter of Public Record and through denial of the "Legal File" and "Transcripts" the crimes perpetuated against Petitioner has been concealed to protect corruption of process.

"Request for Equitable Relief"

Petitioner seeks remedies that will correct the wrongs of the past. Petitioner comes before this "Chancery Court" with clean hands based upon the Maxim, "Equity will not suffer a wrong to be without remedy." When seeking an equitable relief, the one that has been wronged has the stronger hand. The stronger hand is the one that has the capacity to ask for a legal remedy (Judicial relief). In equity, this form of remedy is usually one of specific performance or an injunction (injunctive relief). These are superior remedies to those administered at common law such as damages. The legal Maxim, "Where there is a right, there must be a remedy."

Petitioner seeks not only damages, but legal remedy, injunctive relief, concurrent remedy and speedy remedy to allow all facts, law and evidence to be examined for full understanding of the wrongs that have been done. "Equity delights to do justice and not by halves." When a court of equity is presented with a good claim of equitable relief, and it is clear that the Plaintiff also sustained monetary damages, the court of equity has jurisdiction to render legal relief e.g., monetary damages. Hence equity does not stop at granting equitable relief, but goes on to render a full and complete collection of remedies.

The following are the remedies requested and the Rationale for this Court's consideration of why it should act upon that request.

1. Order for Production of Documents:

The United States District Court and the Respondent have refused to date to release the "Legal File" and "Transcripts" of all the pre-trial and trial actions. These Public Records establish the defenses raised (written and verbal) and the denial of "Rights" perpetuated under color of law to wrongfully convict.

Rationale for Order:

These Records are clear evidence of the crimes and injuries inflicted by members of the United States District Court in defiance of rights, privileges and immunities secured by law. This Chancery Court should "Order" the production of documents to have a clear understanding of the facts, law and evidence in Case Number 4:10-CR-00131-FJG-1 and 4:10-00131-01-CR-W-GAF. In the interest of truth this Chancery Court should issue the "Order".

2. Order to Produce Judgment with Findings of Facts and Conclusions of law:

Petitioner is currently incarcerated based upon an unsigned "Order of Incarceration" issued by the Respondent after a bench trial. Because every witness presented by the prosecution, stated under oath that they were not injured and did not sign a complaint against Petitioner, there was no competent fact witness who testified to the indictment at Petitioner's trial. This clearly establishes lack of evidence to support a finding of "Guilt" by the Respondent.

Rationale for Order:

Because Petitioner has been incarcerated for almost 8 years the facts, law and evidence of his guilt should be easily produced from the records of the court. Failure to produce would establish clear violations of due process required by the 5th Amendment. By "Ordering" the Respondent to support his "Order of Incarceration" by facts, law and evidence, this Chancery Court will easily see the miscarriage of justice that has occurred.

3. Request for Writ of Habeas Corpus:

In the past almost 8 years, over 15 Habeas Corpuses have been denied or dismissed to allow the criminal acts of the Respondent to stand unchallenged. All Habeas Corpuses were filed under Article I, Section 9 of the Constitution and every

Admiralty Court fraudulently claimed the authority to deny a prisoner the "Right" to challenge his incarceration.

Rationale for Writ:

Because the Petitioner is unlawfully incarcerated at AUSP Thomson Illinois (Camp) based upon the Order of the Respondent, a Writ of Habeas Corpus is necessary to produce Petitioner before the Chancery Court for any hearing scheduled in this cause of action. Only by a fair and impartial hearing of the issues of this cause can the wrongs of the past be corrected.

4. Order for Immediate Release:

Should the foregoing facts, law and evidence establish the truth of unlawful incarceration beyond reasonable doubt, Petitioner requests "Order of Immediate Release". This step is necessary to correct the miscarriage of justice in this cause of action.

5. Expungement of Criminal Record:

Should the foregoing facts, law and evidence establish by the preponderance of evidence that Petitioner was denied due process of law, Petitioner requests this Chancery Court to "Order" the expungement of all records related to arrest, prosecution, conviction and incarceration of Petitioner.

Rationale for Order:

To allow an illegal, unlawful and unconstitutional conviction to stand after exposure of the miscarriage of justice would be furtherance of the conspiracy that created the wrong. The Chancery Court should "Order" all records expunged to correct the wrong of the past.

6. Order of Award of Damages:

Because the injuries of the Petitioner were done with malice, intent and knowledge to inflict harm by the Respondent, Petitioner is entitled to just compensation for the loss of 8 years of his life. These damages should be assessed against the United

States Government who is responsible for the conduct of its agents who have caused injuries.

"Request For All Other Relief"

Petitioner requests all other relief the Chancery Court deems fair and just to correct this miscarriage of justice. In addition to personal damages, punitive damages should be considered as a detour ant to all Federal Courts who might engage in this criminal conduct. It has become common practice for State Courts to allow the Feds to remove cases from their jurisdictions so the United States District Courts can obstruct justice and allow the corruption to prevail. As a private citizen of Missouri State, Petitioner requests any attempt to remove this case from Chancery Court of the Missouri State be met with legal challenge to establish the United States District Court has "Common Law Jurisdiction". Everyone knows the United States District Courts have no "Common Law" authority. Petitioner has suffered 8 years of incarceration and believes speedy remedies are warranted in this cause of action.

"Summation"

In today's modern world, We the People have become nothing more than a talking point for Politicians, a body to fill a bed in a prison for the Courts and a tool of lawyers to fleece taxpayers. We the People are private citizens who work, pay taxes and depend upon our government to serve and protect us. It has become almost impossible to find a Judge of integrity, an FBI agent who is not corrupt, willing to lie and cheat to achieve a conviction at any cost and a media willing to destroy a life for a few lines in the news. This is truly Satan's world full of hate, hurt and despair. The only thing that gives me hope is my faith in God. I pray God will touch the heart of the Chancellor of this Chancery Court and for once allow one of We the People to prevail against all odds that seek to suppress and oppress to maintain their illusion of power. Petitioner stands once again saying "I have injured no-one and I do not deserve to be in prison". I pray the Chancellor will have the integrity, honor and courage to oppose the powers that be and the desire to learn the truth of this cause of action.

"Statement Of Truth"

I, Denny Ray of the family of Hardin, do hereby state that the foregoing is the truth, the whole truth and nothing but the truth, to the best of my knowledge and ability. So help me God!!!

God's will be done!!!!

Respectfully Submitted,

denny-ray:hardin, private citizen

"Authorities Relied Upon"

The following are the facts, law and evidence that are the foundation of the Arguments against my incarceration.

A. Authority of Grand Jury:

1. The government of the United States has infringed upon the sovereignty of Missouri State by dividing it into Corporate Judicial Districts.

28 U.S.C. 105 Missouri

"Missouri is divided into judicial districts to be known as the Eastern and Western Districts of Missouri. [June 25, 1948]

2. Petitioner was not allowed to appear, voir dire or examine witnesses before the Grand Jury.

Fact: Indictment was handed down May 5, 2010 and Petitioner was arrested without warrant on May 10, 2010 by FBI.

28 U.S.C. 1867 establishes rights of accused in criminal cases.

3. The Assistant United States Attorney Brian P. Casey presented two witnesses to the Grand Jury for Indictment.

FBI Agent Nathan Holms Van Sickle and an Agent of the Department of Education.

Fact: Both these individuals testified at Petitioner's Trial and stated under Oath, they were not injured and filed no complaint.

Crime: Because these individuals claimed injuries before the "secret grand jury" constitutes "perjury" 18 U.S.C. 1621, to provide hear-say testimony to unlawfully obtain an indictment constitutes, False Declarations before a grand jury 18 U.S.C. 1623.

4. 5th Amendment Right violation for denial of due process of law. Because there is no signed complaint (Rule 3 Federal Rules of Criminal Procedure) to be investigated by the grand jury, the Indictment is "Fraud upon its face" for lack of "probable cause". A signed complaint is "probable cause" for an indictment.

B. Argument of Jurisdiction:

1. Throughout the last 8 years the Argument of lack of Jurisdiction has been repeatedly challenged and denied, dismissed and ignored by all courts.

Press ganging - By seizing Petitioner and bringing him before an Admiralty Court, who failed to state its jurisdiction, criminal "conspiracy against rights" 18 U.S.C. 241 is established.

Inland Piracy - By operating an Admiralty Court upon the land, every judge is an "Inland Pirate" who has seized the People's court to operate it as his personal domain as "The Captain of the Ship".

Evidence:

Jurisdiction was lawfully challenged from the first Petition to Dismiss. In every pre-trial motion. In every pre-trial hearing. Every time I spoke at Trial the following was said first:

Petitioner: "I object to these proceedings because jurisdiction is not stated on the record."

Respondent: "Denied".

Throughout the Appeal process the challenge to jurisdiction was denied as frivolous. In all the Habeas Corpuses the challenge to jurisdiction was denied, dismissed or ignored.

The "legal files" and "Transcripts" establish the truth that jurisdiction has been the challenge since day one, with no statement present in the court's record.

C. Jurisdiction:

"But when a judge knows that he lacks jurisdiction, or acts in the face of clearly valid statutes or case law expressly depriving him of jurisdiction, judicial immunity is lost. See *Bradly v. Fisher*, 80 U.S. (13 Wall) at 351 ("when the want of jurisdiction is known to the judge, no excuse is permissible") *Turner v. Raynes*, 611 F.2d 92.95 (5th Cir 1980) (Stump is consistent with the view that "a clearly inordinate exercise of unconfirmed jurisdiction by a judge - one so crass as to establish that he embarked on it either knowingly or recklessly - subjects him to personal liability')." [*Rankin v. Howard*, 633 F.2d 844 (1980)].

Fact:

Petitioner's 28 U.S.C. 2255 Appeal (4:13-CV-01014-GAF) back to the Western District was denied by the Respondent. Respondent knew he had no jurisdiction to act but did so with malice, intent and knowledge.

Authority:

28 U.S.C. 47 Disqualification of Trial Judge to hear Appeal.

"No judge shall hear or determine an appeal from a decision of a case or issue tried by him."

A judge is deemed to know the law and can only violate it with malice, intent and knowledge.

To mask the fraud of jurisdiction the United States District Courts fraudulently claim 18 U.S.C. 3231 gives them jurisdiction to hear and determine criminal cases.

18 U.S.C. 3231

"The district courts of the United States shall have original jurisdiction, exclusive of the courts of the States, of all offenses against the laws of the United States."

"The United States District Court is not a true United States Court established under Article III of the Constitution to administer the Judicial power of the United States therein conveyed. It is created by virtue of the sovereign congressional faculty, granted under 4,3, of that instrument, of making all needful rules and regulations respecting the territory belonging to the United States. The resemblance of its jurisdiction to that of true United States courts in offering an opportunity to non-residents of resorting to a tribunal not subject to local influence, does not change its character as a mere territorial court." [Balzac v. Porto Rico, 258 U.S. 298, 43 S.Ct. 343 (1922) Emphasis added]

"The term 'District Court of the United States', as used in the rules, without an addition expressing a wider connotation, has its historic significance. It describe the Constitutional courts created under Article 3 of the Constitution. Courts of the Territories are legislative courts, properly speaking and are not District Courts of the United States. We have often held that vesting a territorial court with jurisdiction similar to that vested in the District Courts of the United States does not make it a District Court of the United States. Reynolds v. United States, 98 U.S. 145, 154, 25 L.ed 1041; The City of Panama, 101 U.S. 453, 460, 25 L.Ed 1061; In re Mills, 135 U.S. 263, 268, 10 S.Ct. 762, 34 L.Ed 107; McAllister v. United States, 141 U.S. 174, 182, 11 S.Ct. 949, 35 L.Ed 693; Stephens v. Cherokee Nation, 174 U.S. 445, 476, 477, 19 S.Ct. 722, 43 L.Ed 1041; Summers v. United States, 231 U.S. 92. 101, 102, 34 S.Ct. 38, 52 L.Ed3 137; United States v. Burroughs, 289 U.S. 159, 163, 53 S.Ct. 574, 77 L.Ed 1096. Not only did the

promulgating order use the term District Courts of the United States in its historic and proper sense, but the omission of provision for application of the rules to the territorial courts and other courts mentioned in the authorizing act clearly shows the limitation that was intended." [Mookini v. U.S. 201, 58 S.Ct. 543 (1938)]

In the Judicial Code 1911, 36 Stat. 1087 - 1169 abolished the "District Courts of the United States" and replaced them with the Legislative courts "United States District Courts". The difference between the two is Legislative vs Judicial. All Legislative courts are fraud, claiming the authority to conduct a judicial process.

"Bill of attainder. Legislative acts, no matter what their form, that apply either to named individuals or to easily ascertainable members of a group in such a way as to inflict punishment on them without a judicial trial. United States v. Brown, 381 U.S. 437, 448-49, 85 S.Ct. 1707, 1715, 14 L.Ed 484, 492; United States v. Lovett, 328 U.S. 303, 315, 66 S.Ct. 1073, 1079, 90 L.Ed 1252. An act is a "bill of pains and penalties" when the punishment is less severe; both kinds Section 9 Cl. 3 (as to Congress); Art. I, Sect. 10 (as to State Legislatures)." [Black's Law Dictionary, Sixth Edition p. 165]

Art. I, Sect. 9: No Bill of Attainder or ex post facto law shall be passed.

Art. I, Sect. 10: ... pass any Bill of Attainder, ex post facto law....

Legal Question: If the United States District Courts are Article III Judicial Courts, why are they using an Article IV Legislative name?

Article III: District Courts of the United States

Article IV: United States District Courts

D. Congress

Neither the U.S. Supreme Court nor any inferior Court can "Ordain or Establish" an inferior Court or confer Article III powers upon it.

"It is contended that Congress has reversed this current by permitting the Supreme Court to legislate upon it. Congress could not confer, nor could the Supreme Court exercise the authority to ordain and establish 'inferior federal courts' and fix the

jurisdiction wherefore which power *615 was given to congress alone by the Constitution. Suffice it to say Congress gave the Supreme Court 'power to prescribe ***rules of pleading, practice and procedure*** in criminal cases in district courts of the United States'. 18 U.S.C.A. 687. Unless the transfer of jurisdiction from one court to another is governed by rules of pleading, practice or procedure, the statute was of no avail." [U.S. v. Bink, 74 F.Supp. 603, D.C. Or. (1947)]

"This court has no authority to interpolate a limitation that neither expressed nor implied. Our duty is to execute the law, not make it." [U.S. v. Wong Kim Ark. 169 U.S. 649 (1898)]

Article I, Section 8 Powers of Congress:

To regulate Commerce with foreign Nations, among the several States, and with the Indian Tribes.

To provide for Punishment for Counterfeiting the securities and current coin of the United States.

To constitute Tribunals inferior to the Supreme Court.

To define and punish Piracies and Felonies committed on the high seas and other offenses against the law of Nations.

To make all laws which shall be necessary and proper for carrying into Execution the foregoing powers vested by this Constitution in the government of the United States, or in any Department or officer thereof.

Note: The only other place in the Constitution that allows Congress to punish is in Article III Section 3.

Article III, Section 3: Treason defined, Proof of, Punishment of

The Congress shall have power to declare the punishment for Treason...

The Congress, Presidents, Supreme Court and BAR Associations have created a system of corruption of all three branches of government by abuse of power, exceeding lawful authority and defrauding the people. This corruption began with the Lincoln Administration. Lincoln disbanded Congress, suspended Habeas Corpus, declared Marshall Law and removed the Original 13th Amendment. During the Civil War Lincoln Incorporated the United States into "UNITED STATES INC." and created the corruption of government that operates today.

Original 13th Amendment

"If any citizen of the United States shall accept, claim, receive or retain any title of nobility or honour, or shall without the consent of Congress, accept and retain any present, pension, office or emolument of any kind whatever, from an emperor, king, prince or foreign power, such person shall cease to be a citizen of the United States, and shall be incapable of holding any office of trust or profit under them or either of them."

Publication of the Original 13th Amendment:

"Word of Virginia's 1819 ratification spread throughout States and both Rhode Island and Kentucky published the new Amendment in 1822. Ohio first published in 1824. Main ordered 10,000 copies of the Constitution with the 13th Amendment to be printed for use in schools in 1825, and again in 1831 for the Censes Edition. Indiana Revised Law of 1831 Published the 13th Article, on page 20. Northwestern Territories published in 1833. Ohio published in 1831 and 1833. Then came the Wisconsin Territory in 1839; Iowa Territory in 1843; Ohio again in 1848; Kansas Statutes in 1855; and Nebraska Territory six times in a row from 1855 to 1860."

Note: I first read the Original 13th Amendment in the archives of UMKC Law School in the 1820 version of the Missouri Constitution.

A "title of nobility" is "Esquire" or "Esq." used by all members of BAR Associations. "Esquire" is one rank below a "Knight" in the Gentry Ranking System of England. "B.A.R." stands for "British Accredited Registry".

Article I, Section 9: "No title of nobility shall be granted by the United States."

Article I, Section 10: "No State shall... grant any title of nobility."

Legal Question: Who is issuing a title of nobility prohibited by the Constitution in the United States?

All BAR Association members are deemed to be "Foreign Agents" 22 U.S.C. 611 and required to register as "Foreign Agents" under the "Foreign Agent Registry Act".

Legal Question: Why is the majority of our Congress "Foreign Agents" of the BAR Association?

Our forefathers believed the British Government was such a threat they passed and ratified the Original 13th Amendment. But it is clear the Presidents from 1819 through 1861 all studied law and were lawyers.

Legal Question: Are BAR Associations members united in conspiracy to deny Constitutional Government to the American People? Why are attorneys who challenge corrupt government disbarred by the BAR Associations? Why are Constitutional Rights prohibited in the Admiralty Courts of the United States?

The only place any of this matters is in our Courts, by abolishing Constitutionally Chartered "District Courts of the United States" under Article III and replacing them with Article IV "United States District Courts" operated by "Administrative Law Judges" for issuance of "Bills of Attainder" incarcerating private citizens without judicial due process of law this corruption has denied all prisoners their 5th Amendment Right. This fact is supported by the following:

All illegal acts of setting up the Department of Justice and the "Judicial Districting" of Missouri State was done by President Harry S. Truman (1945-1953) on June 25, 1948. By making the "Department of Justice" an "Executive Department" 28 U.S.C. 501 and establishing "Judicial Districts" for "United States District Courts" Truman seized power over the "Judicial Branch".

28 U.S.C. 501 Executive Department (Original June 25, 1948)

"The Department of Justice is an executive department of the United States at the seat of government."

28 U.S.C. 503 Attorney General (Original June 25, 1948)

"The President shall appoint, by and with the advice and consent of the Senate, an Attorney General of the United States. The Attorney General is the head of the Department of Justice."

28 U.S.C. 105 Missouri (Original June 25, 1948)

"Missouri is divided into judicial districts to be known as the Eastern and Western District of Missouri."

Federal Rules of Criminal Procedure (Original June 25, 1948)

18 U.S.C. 3231 Criminal Jurisdiction

28 U.S.C. 1291 Final Decisions of District Courts

The President Lyndon B. Johnson (1963 - 1969) was not satisfied with control of the judges and added many Deputy Attorney Generals, Solicitor General, Assistant Attorney General, etc, to expand the operations of government.

28 U.S.C. 509 Functions of Attorney General (Original Sept. 6, 1966)

"All functions of other officers of the Department of Justice and all functions of agencies and employees of the Department of Justice are vested in the Attorney General except the functions --

(1) vested by subchapter II of Chapter 5 of title 5 in administrative law judges employed by the Department of Justice;

(2) of the Federal Prisons Industries, Inc.; and

(3) of the Board of Directors and officers of the Federal Prison Industries, Inc."

This is usurpation of power by the "Executive Branch" to regulate the "Judicial Branch" and control the "United States District Courts" to operate as a "puppet" of the President to allow lawyers to enforce imposter laws for the profit of the BAR Association consortium. By giving "administrative law judges" employed by the Department of Justice, under the control of the Attorney General and President, a clear "conflict of interest" is established for every "Judge". Every "judge" has an "oath of office" to support the "Constitution for the United States" and is subject to

termination for not following the Attorney General and their staff that routinely violate the Rights of the American People as follows."

"routine -activities theory (1985) the theory that criminal acts occur when (1) a person is motivated to commit the offense (2) a vulnerable victim is available, and (3) there is insufficient protection to prevent the crime.

When a judge is forced to follow the criminal acts of a corrupt Attorney General, due process of law is lost, and injustice, under color of law, is then a matter of routine. Every American is at risk today because our government can attack, defame, prosecute and incarcerate without due process of law, all Americans are potential "victims" of the "conspiracy against rights" by all those in government who aid and abet the crimes of public officials. Not until every American regardless of race, creed, color, religion, beliefs and financial status is treated equally and protected by our judges will there exist a sense of equality in our "Rights". Our forefathers called them unalienable "Rights" endowed by our Creator for every man and woman to be free to live their life, treasure the liberty they possess and to be Happy in the pursuit of their dreams. Imagine a world where we are all respected.

“Conclusions of Law”

Through years of representation of B.A.R. Association Membership our Constitutional government has been corrupted in the interest of “Foreign Agents” that my case proves are not accountable to the laws of our Nation. I believe these authorities establish I was wrongfully prosecuted, wrongfully convicted and wrongfully incarcerated. But this is not a problem limited to me, it is present in every case prosecuted in the United States District Courts, by attorneys who aid and abet the criminal conduct of imposter judges fraudulently posing as “Judicial Officers”. I demand an investigation of this case.

Chapter Two

“B.A.R. Associations”

What is a B.A.R. Association? It is a consortium of “Foreign Agents”, as defined in the United States Codes 22 U.S.C. 611. The B.A.R. Association represents a “Foreign State” of the Queen of England, by its very name “British Accredited Registry”. Every member is required by law, stated in the “Foreign Agent Registry Act” (Statutes at Large 52 Stat. 631) to be registered as a “Foreign Agent” and under our original 13th Amendment of the Constitution for the United States, all “Foreign Agents” are ineligible for holding any “Public Office” of trust or profit of any State or the United States. Every member of every B.A.R. Association holds the “Title of Nobility” of “Esquire” or “Esq.” this “Title” of the “Gentry Ranking System of England” is just below a “Knight”. This “Title of Nobility” is a direct violation of our Constitution for the United States as follows:

Article I, Section 9 Prohibits the United States to issue any “Title of Nobility”.

Article I, Section 10 Prohibit every State to issue a “Title of Nobility”.

Conclusion of Law:

Based upon these Constitutional Mandates, it is established law the United States and all individual States are prohibited to issue a “Title of Nobility”, therefore only a “Foreign State” could be granting the “Title of Nobility” of “Esquire” to the membership of B.A.R. Associations.

Solution:

Our Forefathers foreseen the corruption of our government by the British after their failed attempt to take back America in what has become commonly known as the “War of 1812”. Our Forefathers created the original 13th Amendment that B.A.R. Association Membership fraudulently claims was never ratified as “Law”. But it was passed and ratified in 1819 and stood as law until 1961, when a B.A.R. Member, Abraham Lincoln removed it from our Constitution. The facts of this are as follows:

“The Missing 13th Amendment”

“Titles of Nobility and Honour”

In 1789, the House of Representatives compiled a list of Constitutional Amendments, some of which would ultimately become our “Bill of Rights”. The House proposed seventeen; the Senate reduced the list to twelve. During this process that Senator Tristram Dalton (Mass.) proposed an Amendment seeking to prohibit and provide penalty for any American accepting a “title of nobility” (RG46 Records of U.S. Senate). Although it wasn’t passed, this was the first time a “title of nobility” Amendment was proposed.

Twenty years later, in January, 1810, Senator Reed proposed another “title of nobility” Amendment (History of Congress, Proceedings of the Senate, p. 529-530). On April 27, 1810, the Senate voted to pass the 13th Amendment by a vote of 26 to 1; the House resolved in the affirmative 87 to 3; and the following resolve was sent to the States for ratification:

“If any citizen of the United States shall accept, claim, receive or retain any title of nobility or honour, or shall, without consent of Congress, accept and retain any present, pension, office or emolument of any kind whatever, from any emperor, king, prince or foreign power, such person shall cease to be a citizen of the United States, and shall be incapable of holding any office of trust or profit under them, or either of them.”

The Constitution requires three-quarters of the States to ratify a proposed Amendment before it may be added to the Constitution (Article V). When Congress proposed the “title of nobility” Amendment in 1810, there were seventeen States, thirteen of which would have to ratify for the Amendment to be adopted. According to the National Archives, the following is the list of the twelve States that ratified, and their dates of ratification:

Maryland, December 25, 1810

Kentucky, January 31, 1811

Ohio, January 31, 1811

Delaware, February 2, 1811

Pennsylvania, February 6, 1811

New Jersey, February 13, 1811

Vermont, October 24, 1811

Tennessee, November 21, 1811

Georgia, December 13, 1811

North Carolina, December 23, 1811

Massachusetts, February 27, 1812

New Hampshire, December 10, 1812

Before the thirteenth State could ratify, the War of 1812 broke out with England. By the time the War ended in 1814, the British had burned the Capital, the Library of Congress, and most of the records of the first 38 years of government. Whether there was a connection, between the proposed “title of nobility” Amendment and the War of 1812 is not known. However, the momentum to ratify the proposed Amendment was lost in the tumult of War.

Then, four years later, on December 31, 1817, the House of Representatives resolved that President Monroe inquire into the status of this Amendment. In a letter dated February 6, 1818, President Monroe reported to the House that the Secretary of State Adams had written to the governors of Virginia, South Carolina and Connecticut to tell them that the proposed Amendment had been ratified by twelve States and rejected by two (New York and Rhode Island), and asked the governors to notify him of their legislature’s position. (House Document No. 76).

(This, and other letters written by the President and Secretary of State during the month of February 1818, note only that the proposed Amendment had not yet been ratified. However, these letters would later become crucial because, in the absence

of additional information, they would be interpreted to mean that the Amendment was never ratified.)

On February 28, 1818, Secretary of State Adams reported the rejection of the Amendment by South Carolina [House Doc. No. 129]. There are no further entries regarding the ratification of the 13th Amendment in the journals of Congress; whether Virginia ratified is neither confirmed nor denied. Likewise, a search through the executive papers of Governor Preston of Virginia does not reveal any correspondence from Secretary of State Adams. (However, there is a journal entry in the Virginia House that conceivably includes receipt of Adam's letter.) Again, no evidence of ratification; none of denial.

However, on March 10, 1819, the Virginia legislature passed Act No. 280 (Virginia archives of Richmond, "misc." file, p. 299 for micro-film):

“Be it enacted by the General Assembly, that there shall be published an edition of the laws of this Commonwealth in which shall be contained the following matters, that is to say; the Constitution of the united States and Amendments thereto...”

What was, by law, to be included in the re-publication (a special edition) of the Virginia Civil Code? The Virginia legislature had already agreed that all “Acts” were to go into effect on the same day – the day that the “Act to republish the Civil Code was enacted.” Therefore, the 13th Amendment's official date of ratification would be the date of re-publication of the Virginia Civil Code: March 12, 1819.

The Delegates knew Virginia was the last of the 13 States that were necessary for ratification of the 13th Amendment. They also knew that there were powerful forces allied against this ratification so they took extraordinary measures to make sure that it was published in sufficient quantity (4,000 copies were ordered, almost triple their usual order), and instructed the printer to send a copy to President James Monroe, as well as James Madison and Thomas Jefferson, (The printer Thomas Ritchie, was bonded. He was required to be extremely accurate in his research and his printing, or he would forfeit his bond.)

In this fashion, Virginia announced the ratification: by publication and dissemination of the Thirteenth Amendment of the Constitution.

There is a question as to whether Virginia ever formally notified the Secretary of State that they had ratified this 13th Amendment. Some have argued that because such notification was not received (or at least, not recorded), the Amendment was therefore not legally ratified. However, printing by the legislature is prima facie evidence of ratification.

Further, there is no Constitutional requirement that the Secretary of State, or anyone else, be officially notified to complete the ratification process. The Constitution only requires that three-fourths of the States ratify for an Amendment to be added to the Constitution. If three-quarters of the States ratify, the Amendment is passed. Period. The Constitution is otherwise silent on what procedure should be used to announce, confirm or communicate the ratification of Amendments. Knowing they were the last State necessary to ratify the Amendment, the Virginians had every right to announce their own and the nation's ratification of the Amendment by publishing it on the special edition of the Constitution, and so they did.

Word of Virginia's 1819 ratification spread throughout the States and both Rhode Island and Kentucky published the Amendment in 1822. Ohio first published in 1824. Maine ordered 10,000 copies of the Constitution with the 13th Amendment to be printed for use in schools in 1825, and again in 1831 for the Census Edition. Indiana Revised Law of 1831 published the 13th Article on p.20. Northwest Territories published in 1833. Ohio published in 1831 and 1833. Then came Wisconsin Territory in 1839; Iowa Territory in 1843; Ohio again in 1848; Kansas Statutes in 1855; and Nebraska Territory six times in a row from 1855 to 1860.

So far David Dodge (Researcher) has identified eleven different States and Territories that printed the Amendment in twenty separate publications over forty-one years.

And more Editions that include the 13th Amendment are sure to be discovered. Clearly Dodge is onto something. You might be able to convince some of the people, or maybe even all of them, for a little while, that the 13th Amendment was never ratified. Maybe you can show them that the ten legislatures which ordered it published eighteen times we've discovered (so far) consisted of ignorant politicians who don't know their Amendments from their .. ahh, Articles. You

might even be able to convince the public that our forefathers never meant to “outlaw” public servants who push people around and accept bribes or special favors to “look the other way”. Maybe . But before you do, there’s an awful lot of evidence to be explained.

This research of David Dodge is from the “Missing 13th Amendment”. This Article was reprinted from the “AntiShyster” of 9794 Forest Land, Suite 159, Dallas, Tx 75243 [(214)526-2719] in the December/January 1992 and the February 1991 issues of “The Correspondent” of P.O. Box 1248, Condon, Montana 59826. This was also the bases for 6456 “The Missing 13th Amendment” as presented by the American Studies Institute. On February 1, 1865, then President Abraham Lincoln replaced the original 13th Amendment by his signature and thus created the corruption of government that is present today. The first time I read the 13th Amendment was in the 1820 version of the Missouri Constitution.

Correction of past wrongs:

The only way to correct past wrongs is to resurrect the original 13th Amendment and remove all “titles of nobility” from our government. Today every State has an established “B.A.R. Association” as well as “American B.A.R. Association” these are a consortium of “foreign agents” acting on behalf of a “foreign state” to monopolize our law and control the American People’s access to our courts. This can be achieved in one of two methods as follows:

Option 1. Abolish all “B.A.R. Associations”

By removal of all “B.A.R. Associations” within the United States, all “titles of nobility” will be rescinded, null and void. Then hold all B.A.R. membership accountable for violations of our Constitution.

Option 2. Arrest all “B.A.R. Association” membership

The British have and always will be an enemy of the American People. By attorneys “Conspiring” to control our government for “B.A.R. Association” membership benefit, this constitutes “Treason” under Article III, Section 3 of our Constitution for giving aid and comfort to an enemy of the people.

Facts:

By becoming a “B.A.R. Association” member and accepting a “title of nobility” of “Esquire” all B.A.R. membership have established allegiance with the “Foreign State” of England operating in “Conspiracy against rights” established by our Constitution for the united States. Every civilized country of the world have a “B.A.R. Association” controlling the courts and creating the laws of that country for B.A.R. memberships’ profit and retention of power over the people. This has become commonly known as the “New World Order” or “Globalist Movement”. Now that we understand who they are it is time to we examine how they retain power by corruption of our government institutions.

Chapter Three

“The Power to Investigate and Prosecute”

Just so the record is clear, I am a Trump Supporter. Before the election I was incarcerated in a “low” a minimum security facility in Big Spring, Texas where 70 percent of the population were mexicans who hated Trump. They were united in their hate of Trump and held the belief Americans would never elect a “racist” like Trump. Most of the whites liked Trump but coward to the blacks and mexicans who verbally attacked them as racists for supporting Trump. I stood my ground and refused to bow to peer pressure and said openly, you just wait and see Trump will be our next President, there are many closet supporters who will vote for him but not admit it because of the fact all Trump Supporters are labeled “racists” by minorities of the Democrat Party. Watching CNN, MSNBC, ABC, CBS, NBC, FOX, etc. was great on election day. My theories of Trump’s election as the 45th President held true, in prison the blacks and mexicans the majority, were silenced by the minority of whites that supported Trump.

Soon after the election, came the cloud of the Russia Investigation that has allowed the attorneys of government to keep Trump in check. The liberal media has acted as the catalyst to keep the American People separated into factions of haters, supporters, resisters, obstructionist and promoters of “Fake News”. Everyone sees the hypocrisy of Muller’s investigation as a “special counsel” (attorney) working in “conspiracy” with former FBI Director Comey (attorney) to investigate the Clinton

dossier, created by a “foreign state” (Britain), working with Russians, to produce dirt on Trump, paid for by Clinton and DNC (Democratic National Convention). The dossier was utilized with “Fake News” reports to get a FICA warrant, that is supposed to only be utilized to spy on agents of foreign countries, but was utilized to “spy” on Americans and the Trump Campaign, at the direction of the Obama Administration. According to the FBI and DOJ (all attorneys) this is lawfully acceptable. I believe it to be evidence of a conspiracy of “foreign agents” to overthrow the President of the United States.

When Comey was fired, he took steps to leak classified information to the Fake News media to create a demand for a special counsel, who just happened to be his past “co-conspirator” as the former FBI Director who Trump refused to appoint as Comey’s replacement. But these two have worked against a President in the past together. This has raised the legal question of a conflict of interest, with Muller leading an investigation where his friend and past “co-conspirator” (Comey) is a star witness to charge the President with “Obstruction of Justice” for firing him. An absolute right of the President under the Constitution, that is now subject to examination by Muller (attorney) to determine if it is within his power as President. It is all about how the facts can be twisted and manipulated to create an illusion of guilt. I believe this evidence establishes a “Conspiracy” of all attorneys to act in “Seditious Conspiracy” 18 U.S.C. 2384 to reduce the Constitutional authority of the President.

It has made criminal conduct a common practice of the attorneys of this nation to promote “Extortion” as a legal action to obtain testimony whether truth, lies or fabrication to justify impeachment or removal of Trump from the Office of President. By threats, intimidation and coercion, attorneys of Muller’s team have been able to force people to cooperate under threat of prison should they fail, clearly “Organized Crime” under R.I.C.O. 18 U.S.C. 1951(a)(b)(1) and (2). Manafort stood his ground facing many years for crimes of many years ago that have been utilized to put pressure on him to flip on Trump. The Judge has told Muller he is not interested in Manafort but rather is utilizing the case to force him to cooperate or fabricate evidence against Trump. These facts constitute “Extortion” cooperation under threat of prison for not testifying. Attorneys have become so brazen as to tell the American People that they can publically violate

our law at will without fear of accountability, the sad part of this is it is true. Manafort has succumb to this criminal conspiracy and agreed to cooperate with the Muller team.

All “Fake News Media” has repeatedly promoted that the majority of the FBI and DOJ are good, honest people doing a good job of protecting the American People. It has been established as a common practice that the top of these organizations are the only bad guys, but in truth all FBI and DOJ are liars, manipulators, extortionist and Fake Law Enforcement Officers who will do anything for a conviction or plea agreement. The job of the FBI is to generate cases for the DOJ to prosecute by any means necessary, this is all done under the color of law and most B.A.R.

Association attorneys acting as “Defense Attorneys” are great manipulators to convince Defendants the acts of entrapment, criminal activity and coordination of events to constitute a criminal act are all acceptable practices in America. These are lawfully defined as “organized crime” with malice, intent and knowledge of attorneys. It is the job of defense attorneys to convince defendants that they have done wrong and deserve to be punished. This organized crime system was true in the days of Jesus Christ who only condemned lawyers as stated in Luke, Chapter 11, Verse 46 as follows:

“And he said, Woe unto you also, ye lawyers! For ye lade men with burdens grievous to be borne, and ye yourselves touch not the burdens with one of your fingers.”

It has been shown that attorneys in collusion with media can put pressure on the President and his staff to create doubt in the minds of Americans, for the sole purpose to divide and cause descent amongst the American People. The reason I have brought up Trump as an example, is because if the attorneys of the FBI and DOJ can do this to a President, thus forcing him to publically defend himself in the court of public opinion. I ask what chance does the average American have against these tactics in a court of law? The answer is clear the FEDS have a 98% conviction rate, over 90% plead guilty, based upon incompetent attorneys who are incapable of adjudicating facts, law and evidence to challenge criminal conduct of FBI and DOJ personnel. Consider the following:

It has become a common practice of the FEDS to pickup State cases that the State refuses to prosecute. One such case comes to mind. An individual bought a car, three weeks prior, he gets stopped by a policeman who conducts a search without warrant and finds three bullets under the back seat. The driver a convicted felon for possession of marijuana three years prior, was arrested as a felon in possession of bullets. The State refused to prosecute, so the attorney sends the case to the FEDS for prosecution. The individual is now serving 15 years, 5 years for each bullet, he did not know was in his car. There are 10s of thousands of these cases in the Federal Bureau of Prisons.

A favorite trick of the FEDS is to charge a large group of individuals with “Conspiracy”. They arrest all the Defendants and put them in jail together. The FEDS then chose one who is willing to fight for his freedom and wants to take it to trial, when he is found guilty and sentenced to 20 years, the defense attorneys come with a plea deal, plead guilty and do 10 years or face 20 years if you go to trial. Clearly, “organized crime” of “Extortion”, under the color of law. By manipulation, intimidation, terrorism and coercion Americans are deprived of due process of law required by the 5th Amendment. What would you do if faced with the possibility of 20 years in prison? Would you plead guilty to 10 years? 90% plead guilty out of fear imposed by their defense attorneys. My defense attorney Anita Burns, fired by me and left on the case as a spy by Judge Gary A. Fenner, had only won 3 cases in the last 10 years, she had lost almost 3,000 cases prior to me. Anita Burns claimed she was handling 45 cases along with mine. She did everything in her power to convince me to plead guilty. I refused and took it to a bench trial. To date Judge Gary A. Fenner has not produced “Findings of Facts” or “Conclusions of Law” that support his “Order” of my guilt.

The problem with all these cases is there is no injured party who has signed a “Complaint” under the penalty of “Perjury” 18 U.S.C. 1621 as required by Rule 3 of the Federal Rules of Criminal Procedure. The purpose of all law is supposed to be to protect the American People, but that concept is long dead in America. The purpose of law in today’s America is to allow Fake Law Enforcement (FBI, DEA, ATF, IRS, ICE, etc...) who do not possess “Police Powers”, reserved to the States, to operate a system of threats, intimidation, terrorism, coercion and harassment, to defraud the American People of their rights, privileges and immunities. The job of

these Federal Institutions is to generate cases by any means necessary for attorneys and judges to justify the high salaries paid by tax payers. Between Fake Law Enforcement, Prosecutors, Defense Attorneys, Judges, Federal Bureau of Prisons, Private Jails (CCA, GEO) and all transport personnel, America is being run into the ground in the interest of a corrupt judicial system that is destroying families and making orphans of America's children all on the tax-payer's dime. Attorneys have created the best system in the world for themselves, I ask is this the best system for the American People? I think not.

Chapter Four

“Corruption of Process (Congress)”

The abuse of power starts and ends in Congress, the House of Representatives and Senate create the United States Codes that they fraudulently claim are “Law” when in fact these “Codes” are “imposter law”. Our Constitution for the United States allows the United States Congress the power to punish “Counterfeiting the securities and current coin of the United States” Article 1, Section 8, Clause 6 “Piracies and Felonies on the high Seas” Article 1, Section 8, Cause 10, and “The Congress shall have the power to declare the Punishment of Treason” Article III, Section 3, Clause 2. Congress has created an “organized crime system” whereby “Bills of Attainder” prohibited by Article I, Section 9, Clause 3, are being utilized to wrongfully incarcerate the American People under the color of law, by what has become commonly known as “Mandatory Minimum Sentences”. “Foreign Agents” of the B.A.R. Associations have controlled both houses of Congress and passed thousands of these “Codes” they fraudulently claim are lawfully binding upon the American People. These attorneys have created so many of these “imposter codes” that every week every American acts in violation of one of these codes for which they can be incarcerated. All of these imposter codes have one purpose to create the illusion a crime can be prosecuted without an “Injured Party”. This is “Fraud” by every “Foreign Agent” of the B.A.R. Associations in America, the “law of the land” is “Common Law” and requires an “Injured Party” to sign a “Complaint”. The “Complaint” is “Probable Cause” for an “Indictment”, without a signed complaint, all “Indictments” are “Fraud upon their face”. 98% of all prisoners in

the Federal Bureau of Prisons have no signed complaint against them. 98% of all prisoners in the Federal Bureau of Prisons are unlawfully incarcerated based upon “Fraud” 18 U.S.C. 1001 of attorneys and judges acting in “Conspiracy against Rights” 18 U.S.C. 241, “Deprivation of rights under color of law” 18 U.S.C. 242, and “Seditious Conspiracy” 18 U.S.C. 2384. For a Prosecutor to bring a case without an “Injured Party” constitutes “False declarations before grand jury or court” 18 U.S.C. 1623. The only time a prosecutor can act without an “Injured Party” is in the case of “Murder”, all other cases of lawful prosecution requires a “Complaint” signed by an injured party under the penalty of perjury, subject to cross examination in a court of “Common Law”. Our Judicial process has been corrupted by Congress, who abolished our Constitutional Courts, in the Judicial Code 1911, 36 Stat. 1087-1169, and created “Administrative Law Courts” with “Administrative Law Judges” with no lawful authority to conduct a judicial action of “due process of law” required in all “criminal prosecutions” by the 5th and 14th Amendments of the Constitution for the united States.

Frauds of the UNITED STATES DISTRICT COURTS:

1. All warrants signed by and “Administrative Law Judge” are “Fraud upon their face”, because an administrator has no authority to conduct a judicial process of issuance of warrants.
2. All criminal prosecutions without a complaint signed by an “Injured Party” are “Fraud upon the Court” by the “Foreign agents” of the B.A.R. Associations impersonating “Judicial Officers”.
3. No “Administrative Law Judge” has any “Judicial Authority” to conduct a trial of one of the “American People” because the first requirement of “due process of law” is a “Judge” must have “Jurisdiction” and act within his “Oath of Office” to uphold the Constitution for the united States. All State Citizens prosecuted in the Federal District Courts have been denied their basic rights to a lawful “Judge” to conduct their trial.
4. Every “Administrative Law Judge” who denied a Constitutional Right of the Accused is guilty of “Treason” 18 U.S.C. 2381 by giving aid and comfort to

the Prosecutor and not requiring him to establish the “Jurisdiction” of the Court.

5. “When a judge acts where he or she does not have jurisdiction to act, the judge is engaged in an act or acts of treason.” *Cohens v Virginia*, 19 U.S. 264, 404, 5 L.Ed. 257, 6 wheat. 264 (1821) U.S. v Will, 449 U.S. 200, 216, 101 S.Ct. 471, 66 L.Ed. 2d 392, 406 (1980).
6. Based upon these frauds, no “Administrative Law Judge” has any “jurisdiction” to conduct a “Judicial Process” in any “UNITED STATES DISTRICT COURT” within the United States of America.
7. “Waivers of constitutional rights not only must be knowing, intelligent acts done with sufficient awareness of the relevant circumstances and likely consequences.” *Brady v. U.S.*, 397 U.S. 749, 90 S.Ct. 1463, 1469 (1970): See also, *Fuentes v. Shevin*, 407 U.S. 607 (1972); *Brookhart v. Janis*, 384 U.S. 6 (1966); *Empsak v. U.S.*, 190 (1955); and, *Johnson v. Zerbst* 304 U.S. 58 (1938).
8. “Silence can only be equated with fraud when there is a legal or moral duty to speak and inquiry left unanswered would be intentionally misleading... We cannot condone this shocking conduct... If that is the case we hope our message is clear. This sort of deception will not be tolerated and if this is routine it should be corrected immediately.” *U.S. v. Tweel*, 550 F2d 297, 299-300.

Note: I was in prison, in Big Spring Texas, with Tweel’s brother who weighed about 400 pounds. He went to medical because he could not breath and they took him to the hospital. The Doctors wanted to keep him but the Warden refused this medical treatment, returned him to the prison and the next morning he was dead. Gone but not forgotten.

All United States Codes are only applicable to UNITED STATES CITIZENS not to Citizens of the individual States. I am a “Citizen” of “Missouri State”, not a “Corporation” of the “STATE OF MISSOURI”. All those who immigrate to the

UNITED STATES can only be “UNITED STATES CITIZENS” a corporate entity. All “Private Citizens” born within a State, not employed by government are the only “Americans”. The “Sovereignty” according to the United States Supreme Court resides in the “American People”, not in government. What is a “Sovereign”? All “Americans” are “Sovereigns”. To be “Sovereign” one must be responsible for themselves, their assets and their representation. When an “American” hires a “Foreign Agent” of the B.A.R. Association they declare they are incompetent and incapable of speaking for themselves. This is the purpose of “Welfare” to take an “American’s” sovereignty and make them “Wards of the State”, subject to the jurisdiction of “Administrative Law Judges”. This is the reason government is defaming sovereigns because without a “Complaint signed by an injured party” “Administrative Law Judges” have no authority to prosecute any crime. “Sovereigns” are entitled to a “Common Law Court” with all protections of the Constitution for the united States. “Foreign Agents” have no authority over “Sovereigns” without a “Complaint” signed by an “Injured Party”, through fraud, misrepresentation and deceit the “American People” are defrauded of their rights. All the “American People” are “Sovereigns” when “Foreign Agents” violate one of us, they violate us all.

As long as “Foreign Agents” of B.A.R. Associations are allowed to create “imposter law” that allows “criminal prosecution” without an “injured party” the justice system of America will be corrupt. The “Law” is supposed to be meant to protect the “American People”, not allow “Foreign Agents” of the B.A.R. Associations to abuse, persecute and terrorize us for their financial gain. “Foreign Agents” are being paid by tax payers to create this “imposter law”, prosecute these “imposter crimes”, adjudicate “imposter judicial process” and house those convicted in human warehouses. This corrupt system has been allowed to persecute the “American People” for far too long.

Conclusion:

Not only should term limits be placed on all Representatives and Senators, all “Foreign Agents” of B.A.R. Associations must be removed from both Houses of Congress. Since our President is limited to two terms, all of Congress should be limited to the same limitation. The grid lock of our government with the 60 vote

requirement to pass law in the Senate, must end. A simple majority should rule, and elections the time for accountability of the conduct of that majority. Lawyers are liars who cannot be trusted to represent the American People and they can certainly not be trusted to control our government. As long as the other side can be blamed for failure to do the job for which they are all being paid, the Congress will continue to fail to fix the problems (immigration, health care, prison reform, etc...) are all tied up in debate of “foreign agents” of the B.A.R. Association membership, while the American People suffer. Remember whether Democrat or Republican all lawyers are loyal to the B.A.R. Associations’ interests, never to the interest of the American People. I believe there should be an audit of every member of Congress to see who is paying for their vote and an investigation into what foreign principals have been controlling our government.

Chapter Five

“FEDERAL COURTS”

The Federal Courts were never meant to be a Court of criminal prosecution, their job as defined by the United States Supreme Court is to offer an alternative to State Courts subject to local influence. The life time appointment, of “Administrative Law Judges” have corrupted these Courts who have abandoned law and become tyrants to rule the American People with an iron fist. Their method for achieving this is “Admiralty Jurisdiction” which is evident by the American Flag with gold brae they display in their bogus courtrooms. Through “in-land piracy” “Administrative Law Judges” have seized the Courts of the American People to operate them as their personal domain. Today’s “Administrative Law Judges” don’t honor the law, but act as the “Captain of the Ship” and dispense their bias and prejudicial form of justice without fear of accountability. “Admiralty Jurisdiction” is only lawful upon the sea and is never lawfully allowed upon the land. When an “Administrative Law Judges” brings one of the American People into “Admiralty Jurisdiction” the practice is lawfully established as “press ganging” and has been outlawed for over 200 years. Every “Private Citizen” is entitled to “Common Law Jurisdiction” of the land that can only be established by a “Complaint” signed under the penalty of perjury by an “injured party”. There is

no “Common Law Jurisdiction” in the Federal Courts. State Courts have abandoned the “Common Law” and followed the FEDS to operate fraudulent “Admiralty Jurisdiction” as well. All the Courts whether State or Federal have no lawfully authority to conduct any proceeding under the jurisdiction of the sea. They are upon the land and are lawfully required to administer “Common law” “Courts of Record” for the administration of justice in the Courts of the American People.

The Article III, Constitutional Courts, were abolished in the Judicial Code of 1911, 36 Stat. 1087 – 1169. These Courts were called the “District Courts of the United States”. The “Foreign Agents” of the B.A.R. Associations hated these Courts because the American People were protected by the Constitution for the united States. This is where the “frauds” of the B.A.R. Associations began. Attorneys created new Courts as “Administrative Courts”, with “Administrative Law Judges” called the “UNITED STATES DISTRICT COURTS”, corporate courts that are all “Incorporated” in Delaware. In “Conspiracy to defraud” the American People, attorneys have allowed “Administrative Law Judges” to “fraudulently” utilize the “Jurisdiction” created for the “District Courts of the United States” Article III Judicial Courts, as “UNITED STATES DISTRICT COURTS” Article IV Legislative Courts. This is all “Fraud” by the B.A.R. Association membership because no “Legislative Court” has any authority to conduct a “Judicial Process”, therefore every person in the Federal Bureau of Prisons has been illegally incarcerated by a “Bill of Attainder” (punishment imposed without a judicial process). No legislative court can provide “Due process of law” required by the 5th Amendment because only lawful judicial officers can conduct a judicial process. “Foreign Agents” of the B.A.R. Associations are all trained and educated in the field of law and cannot claim ignorance of law, they have all acted in “fraud” to allow these corporate courts to defraud the American people of their liberty, rights and privileges. I believe these criminal acts were done with malice, intent and knowledge to abuse, persecute and terrorize the American People.

Note: See “Bill of Equity By Affidavit” at the beginning for supporting law.

Conclusion of Law:

First the life time appointment of “Foreign Agents” of the B.A.R. Association membership as “Administrative Law Judges” must end. There should be term limitations placed upon these “judges” and an independent commission, with no B.A.R. members, must be established to review the conduct of these “Foreign Agents”. Today we have a “Judiciary Committee” made up of “Foreign Agents” of the B.A.R. Associations, that almost never finds a “judge” has done wrong no matter how damning the evidence. To return America to a lawful Nation, all criminal prosecution by the FEDS must end, they are supposed to be our protectors from transgressions by the States, not our persecutors.

The criminal justice system of America has been corrupted like every other office of government by politics. Prosecutors violate our Constitution, lie about facts, fabricate evidence, extort false testimony, etc... to achieve a high conviction rate. The defense attorneys terrorize their clients into “guilty pleas”, in their effort to handle the maximum number of cases to line their pockets with fees paid by tax payers. Any Defendant who wants to fight for their liberty, is railroaded through mock trials, with numerous Constitutional Rights Violations, to a determination of guilt. This is clearly evident by the 98% conviction rate, the 2% who go free are the rich “drug dealers” who can afford to buy justice. The B.A.R. Associations membership have created the best system of justice money can buy. I ask is it the best system of justice to protect the American people, I think not.

“Recommendation for Change”

Trial by Jury of Peers:

Because we all know the lawyers are “liars” the current “Jury System” allows lawyers to pick 12 strangers to the defendant then tell them the defendant is the worst criminal to ever walk the face of the Earth and must be convicted to protect society. The jurors not knowing the defendant must make their judgment based upon what they are told. Consider the following case from the old days:

Mr. Brown seen a cow out by the road, went and got it, put it in the barn, fed and watered it. He planned to go to town the next day and would inquire if anyone had lost a cow. That evening the Sheriff was out looking for the cow and heard it moo

in Mr. Brown's barn. He arrested Mr. Brown for cattle theft, a hanging offense at the time.

When the traveling judge arrived he selected 12 jurors from the town's people, the banker, blacksmith, solon owner, the store keeper, 3 local ranchers, etc... were established as the jury of peers. People who knew the defendant and would determine if he was guilty or innocent of cattle theft. The trial began, the Prosecutor put the Sheriff on the stand and established the cow was found in Mr. Brown's barn, which established by this fact Mr. Brown was guilty of cattle theft. The attorney for Mr. Brown put him on the stand and went through how he had found the cow by the road and planned to inquire in town the next day as to who had lost the cow. The jury was given the case and began their deliberations. The Banker said, "I believe Mr. Brown, I have known him for 15 years and he has always been honest in his dealings with me." The store keeper said, "Mr. Brown owes me money but has always made his payments on time, I believe Mr. Brown's version of events. The ranchers said they had had no dealings with Mr. Brown and would trust the other's opinion of his character. The other jurors agreed and went back to court and handed down the verdict of not guilty.

Now consider if the jurors had not known Mr. Brown. The Sheriff found the cow in Mr. Brown's barn and he made up some cock and bull story about finding the cow by the road. By the evidence Mr. Brown is guilty and should be hung as the cattle theft he is. This is the standard of justice in America today.

Lawyers can not lie to a man's friends about his character; strangers can be convinced every defendant is a criminal. When talking about a "Jury of Peers" Thomas Jefferson said it best. He said, "I feel safe in the fact my friends will always protect me." The foundation of the "Trial by Jury of Peers" has been distorted and manipulated by lawyers to establish the common practice of "Trial by Jury of Strangers". This allows lawyers to operate their favorite practice of "Character Assassination". This has been recently shown to the public by the Senate Judiciary Committee in the confirmation process for a Supreme Court Justice. Of course, this was done to assassinate the character of Judge Kavanaugh before the American people, but imagine how effective it is to 12 strangers who do not know the defendant. It is the duty of the prosecutor to prove to 12 people, who

know the Defendant that he committed the heinous crime for which he has been charged, and those 12 people can turn him over to government for punishment. This is the way our justice system was created to operate, before “Foreign Agents” of the B.A.R. Associations redesigned it to be a system of “Guilty Until Proven Innocent”. I believe the right to “Trial by Jury of Peers” should be restored in all criminal prosecutions, in all State Courts of our land.

Removal of B.A.R. Association Monopoly:

In our modern justice system, all corrupt members of the B.A.R. Associations have monopolized our courts, both State and Federal. The attorneys who want to help the American People and protect their rights are disbarred from B.A.R. Associations and are not allowed to practice law, to maintain the corruption of our Courts that operate today. Through this system of B.A.R. Associations a “Monopoly” of our courts has been created. All Courts within the united States are the Courts of the American People, who each and everyone have the right under the 1st Amendment to “Petition government for the redress of grievances”. The American People have the right to counsel under the 6th Amendment to speak in court on behalf of themselves or have a friend speak for them. The B.A.R. Associations have created the illusion of law that says only B.A.R. members can speak for us, this is clearly “Fraud” of “Foreign Agents” of the B.A.R. Associations to monopolize the people’s Courts to allow them to control the corruption of our justice system. I believe the prosecution of the American People without an “injured party” must end. A prosecutor should only be allowed to prosecute on behalf of one of the American People who have signed a “Complaint” under the penalty of perjury. The only time a prosecutor should be allowed to act without a signed complaint is in the case of murder, all other cases require an “injured party”. This will greatly reduce the number of cases in court and the need for so many “B.A.R. Association Judges”.

Recommendation for Change:

To remove the politics of our criminal justice system, The State Courts of every State should adopt the system of justice operated by England. Whereby, both the Prosecutor and Defense Attorneys are appointed by the court and paid equally for their service. The “Judge” should select the “Jury of Peers”, who know the

Defendant, to hear and determine their guilt. The manipulation of our criminal justice system based upon B.A.R. interest must end. Justice will only be restored when the American People refuse to accept anything less. The B.A.R. Associations have controlled our courts for far too long, it is time the American People stepped us and put a stop to this corruption. Corruption can only flourish where honest men do nothing.

Remove All Judges' B.A.R. Membership:

How can we trust our "Judges" to be fair and impartial when they are "Foreign Agents" acting on behalf of a "Foreign State" as members of a B.A.R. Association? Our "Judgeships" were created by God who elevated them to a position above the American People, with the responsibility to provide "just judgments to the people", as stated throughout our Bibles. B.A.R. Associations' corrupt lawyers argue there must be separation of "Church and State", they fraudulently claim it is the law, so Judges obligations to God have been removed in the interest of B.A.R. Association corruption.

The separation of "Church and State" has never been law, anti-American organizations such as the "ACLU" have repeatedly argued the illusion of separation of "Church and State" as law. The truth is the first time the phrase was utilized was by Thomas Jefferson talking with Baptist Ministers to inform them government would not dictate what they could or could not preach. Thus the "Separation of Church and State". The "ACLU" has become great at removing God from our society, by removing prayer from our schools, by supporting foreigners who violate our immigration laws and acting to destroy the Constitutional Rights of the American People by fraudulently claiming foreigners have the same rights. If you were not born in one of the several States you have no Constitutional rights. If you illegally entered the United States you should be deported without any due process of law. This B.A.R. Association taxpayer funded organization should be abolished. In America we still have the motto "In God We Trust" all those who cannot live with that are free to leave.

Judges are required by law to be unbiased and un-prejudicial in their duties as representative of the American People. Judges have lost the respect of the People because they are not allowed to dispense justice on an individual case by case base.

Congress has unconstitutionally created “Bills of Attainder” prohibited by Article I, Section 9 to the United States and Article I, Section 10 to the several States. “Bills of Attainder” have been cloaked by “Fraud” into what is commonly referred to as “Mandatory Minimum Sentences”, legislative punishment without judicial process. Judges always say my hands are tied while imposing their 20 or 30 year sentences that they know are way out of line. But failure to follow the “Mandatory sentencing guidelines” will cause the “Foreign Agent” acting as prosecutor to appeal to the higher court and have the Judge removed from the bench. These B.A.R. Association tactics need to be addressed and all “Foreign Agents” given mandatory life sentences for “treason” for giving aid and comfort to an enemy of the American People, a “Foreign State” known as Britain. Steel has shown the tactics of Britain to interfere with our Republic by working with Russians to create the illusion of the Muller investigation.

The crimes of Judges are not limited to the Federal Courts, the State courts are just as corrupt if not more so. State Courts have become as corrupted as Federal Courts operating “Admiralty Jurisdiction” of the sea upon the land. The law of the land is “Common Law” that requires an “Injured Party” who has signed a “Complaint” under penalty of perjury. For those of us who have been seeking a method for holding “Judges” accountable for their transgressions, the key is a “Court of Chancery”. A “Court of Chancery” is a “Court of Law”, Court of Equity” proceeding at “Common Law”. “Chancery Courts” have been hidden from the American People in plain sight, commonly referred to as “Probate Court”. “Probate Court” has been characterized as only dealing with “Wills”, but in reality it is to deal with the “Estates” of the American People. The “Chancery Courts” are in every State and where the American People who have been injured can go to correct past wrongs. In “Chancery Court” a “Complaint” is titled a “Bill of Equity” and all forms of “Equitable Relief” and “Remedies” are available to undo criminal acts of “Administrative Law Judges” of the “UNITED STATES DISTRICT COURTS doing business within your State. I filed my “Bill of Equity” presented in the beginning of this book, in the “Chancery Court for Jackson County, Missouri”, against District Judge Gary A. Fenner who violated me and illegally, unlawfully and unconstitutionally sent me to the Federal Bureau of Prisons for eight and a half years, without a signed complaint, without an injured party and

without due process of law. This “Court of Chancery” is governed by the “Maxims of Law” available in most “Black’s Law Dictionaries”, because it is a “Common Law Court” rules, codes and regulations are not applicable.

The “Bill of Equity” was filed and to date the “CIRCUIT COURT FOR JACKSON COUNTY, MISSOURI AT INDEPENDENCE, MISSOURI” has refused to give it a case number. Chief Judge John Torrence received the case and it somehow disappeared, but the stamped filed copy proves, its filing. The filing fees were paid, along with service fees, a stamped filed copy was received, but no case number has been issued since February 22, 2018. The problem is once a case number is issued the “Chancellor” of a “Court of Chancery” must follow the law, all the law supports me and the District Judge Gary A. Fenner has no defense for his “crimes”. Chief Judge John Torrence is protecting the crimes of District Judge Gary A. Fenner and has become a “Co-Conspirator” like many Circuit Court Judges and Supreme Court Justices. All B.A.R. Association members are engaging in the following crimes under the United States Codes:

18 U.S.C. 4 Misprision of Felonies, 18 U.S.C. 2384 Seditious Conspiracy, 18 U.S.C. 2071 Concealment, removal and mutilation generally, 18 U.S.C. 241 Conspiracy against rights, 18 U.S.C. 242 Deprivation of rights under color of law, 18 U.S.C. 1918 Disloyalty and asserting the right to strike against government, 18 U.S.C. 1590 Trafficking with respect to peonage, slavery, involuntary servitude or forced labor, 18 U.S.C. 2381 Treason, 18 U.S.C. 2382 Misprision of treason, 18 U.S.C. 1203 Hostage taking, 18 U.S.C. 1349 Attempt and conspiracy, 18 U.S.C. 2383 Insurrection and rebellion, 18 U.S.C. 1623 False declaration before grand jury or court, etc...

Request for investigation and prosecution:

What I have presented in this book is the truth, the whole truth and nothing but the truth to the best of my knowledge and ability. I am asking my fellow Americans to support me in my cause of action to convene a “Military Tribunal” to hear evidence under R.I.C.O. of the “Organized Crime” of B.A.R. Associations throughout the United States of America. No other authority of government can investigate and prosecute these crimes because its members are “Foreign Agents” of the B.A.R. Associations. I believe B.A.R. members are acting against the

American People, as representatives of a “Foreign State” establishing them as “Enemies” of the American People. I believe it is the goal of the B.A.R. Associations to over-throw our Constitution and establish B.A.R. Association membership as a “Noble Class” of UNITED STATES CITIZENS ruling the American People. Our Constitution is in crises because of these courts operating “Admiralty Jurisdiction” upon the land. We have less than 5% of the world’s population and 25% of the world’s prison population. This has been allowed for far too long and must be brought to an absolute end. Either, the law applies to us all or there is no law at all.

It is my sincere hope that our government will someday be respected by the American People once again. Don’t get me wrong, there are some very bad people in prison who deserve to be there for their conduct, but they are the minority. The vast majority are pretty decent people who have been entrapped, railroaded, intimidated, coerced and terrorized into prison, not to protect the American People, but to finance “Foreign Agents” of the B.A.R. Association, private and public institutions, that defraud taxpayers of public money.

Chapter Six

“The Media”

While most of the American People are too busy living life to watch the news, those of us in prison have plenty of time to watch. My favorite pass time in prison was reading books, but my second was watching the news. In prison it is a common practice to have CNN on one TV and FOX News on another. Therefore, I would jump back and forth in an effort to get some sense of what is true. Based upon this understanding I believe FOX presents the facts, both good and bad, in a pretty fair light. In prison the blacks hate FOX news and when I arrived at the A USP in Thomson, Illinois, the blacks refused to let FOX be watched, they said here we watch CNN. I informed them either I can watch FOX or I would get the TVs locked down by staff to one station and I guaranteed one of the six TVs would be on FOX. Because the majority of prisoners are black, they controlled three TVs, whites controlled two TVs and the Mexicans had one, this was the established

norm at Thomson. But the blacks would always put sports on one of the white TVs, so when I kept changing the sports TV to FOX the blacks tried to threaten me into not watching FOX, calling me a racist and all kinds of vial shit. So I went to the white “Shot Callers” and said isn’t that TV a white TV, if no one is watching it, why can’t I change it to FOX if I want to instead of sports. The blacks argued we have always watched sports on that TV. The whites stepped up and said it is our TV and if he wants to watch FOX he can. The blacks backed down. The whites asked me when I wanted to watch FOX, I said from 8:00 to 10:00 in the morning because most inmates are at work. In the beginning at 10:00am some white guy would change the channel, but soon FOX was left on all day. A change occurred pretty soon and a dialogue of debate opened up between whites and blacks and both were watching FOX and laughing at the bullshit of both media. There were the die hard blacks that hated white people and whites who hated blacks. But the vast majority gained mutual respect for each other, we agreed on some issues and disagreed on others. But I remained true to my conviction of being a Trump supporter. Before I left the racist whites and blacks were silenced by the majority that would state their opinions openly regardless of race and be supported by others of the opposite race. I became known as “The Hammer” or “Hit em Hard Hardin” I took these as a badge of honor and wore them proudly. Enough of this back to the media.

The liberal media, led by CNN, stand on the 1st Amendment Right to Freedom of the Press. The anchors of this station are clearly united in their hate for Trump and can twist any fact into a negative against the President. Acosta, Wolf Blitzer, Cuomo, etc... all have one objective to get the guest to condemn the President or oppose the policy being considered. The founding fathers never meant for the 1st Amendment to be a licenses to “conspire” to over-throw the government of the United States. CNN promotes the “Globalist” view where they promote the interests of foreign governments over the interests of the American People. Consider the following examples:

NAFTA (Canada and Mexico)

These two countries have been screwing the United States for years, the liberal media has stood with these foreign nations and against what is best for America.

Sure in the short term there will be those who suffer, but not many and not for long, America is in a transition of once again becoming the leader of the free world. Trump is right on target to bring back the reputation of our nation and make those who want to operate as before under the failure Obama rise or fall based upon their business practices. I believe all “foreign aid” should cease until Mexico pays for the wall. We all know Mexico is run by “drug cartels” and they allow foreigners of South America to bring gangs, drugs and crime to our border. Of course, CNN, MSNBC, NBC, CBS, ABC, etc... of the liberal media promote illegal immigration broadcasting the thousand mile journey of illegals and attacking the Trump Administration for trying to stop the flow of drugs and crime into our nation. All those who are trying to come here legally, I say they are welcome. If they are caught illegally entering the United States I say they are criminals and should be sent back without due process. Of course the Fake liberal media promotes illegals are entitled to protection under our Constitution, this is clearly “Fraud”. Only the American People and those who have legally immigrated here are entitled to the protections of our laws. I believe this to be a “Conspiracy of Collusion” of Democrats, attorneys and media, which is evident by attorneys going to Mexico to coach illegals on what to say to get asylum in the United States. All illegals are not entitled to any rights under our law and should be deported without any consideration of our judicial system.

The problem with immigration is until our border is secured, all immigrants will be suspected of illegal entry. Once the border is secure, then immigration must be reformed to allow workers to come to America to legally work. Trump is right, we want skilled people to come here to work, that does not mean they must be skilled at a professional level, we need pickers, farmers, labors, etc... to handle those things Americans refuse to do. I believe everyone has value and if they want to come here to work and become part of America they should be allowed. If they come here to get welfare, have children and be a burden to the American People I say kick them and their children out. Congress must act to reform immigration law and they should abolish the filibuster rule requiring 60 votes. A simple majority should decide all issues and they should be held accountable at every election for their performance. It is time the American People demanded performance by our government.

Note: In the course of events, Canada and Mexico have changed their tunes and decided they need the United States for their economies. Trump by using TRAFFS has forced these trading partners to re-examine their trade practices that Trump has made public. Trump has not only defeated their unfair trade practices but also the media that said he was wrong in his philosophy. Thank God Trump is for the American People and not afraid to stand alone against his critics.

The G-7 Trade Partners:

Again I agree with Trump. For far too long, the products of America have been faced with unfair protectionist practices of our trading partners. When I lived in Japan, for 5 years in the 1980s, there was a major controversy about Japan denying access of American products to the Japanese markets. The following is how the system worked against the American People.

An American Company would want to sell something in Japan, the Japanese government would give the company many requirements that must be met before they could enter the Japanese market. Behind the scenes the Japanese government would inform the Japanese corporations that an American company wants to sell said product in Japan. For years, the Japanese government would delay the American Company with new regulations that must be met, at the same time allowing Japanese Corporations to corner the market on the product. When the Japanese Corporations controlled a vast amount of the market, they would tell the Japanese government to allow the American Company into Japan. Of course, a large TRAFF would be placed upon the American product thus making the Japanese version more economic. These protectionist practices of Japan are utilized against every American product wanting to be sold in Japan. While America has allowed virtually unlimited access to the American markets by Japanese products, this is the reason for the trade imbalance.

When dealing with the G-7 I agree with Trump, it is their job to protect their counties' interest and it is his job to protect ours. I can only speak of my knowledge, but if the rest of the G-7 are engaging in similar protectionist trade practices, then Trump is right America lost the "Trade War" long ago. Every American should understand the fight that is being waged and support Trump in his efforts to restore prosperity to America. To hear the liberal media tell it, Trump

is destroying the relations with our trading partners, maybe those relationships need to be destroyed. The American economy is bigger than all the other G-7 countries combined. They need us, we don't really need them. If we look at the truth of our relationships at one time or another the majority were our enemies. The goal of free and fair trade has never existed between us and our trading partners. With America returning to a "Nationalist" agenda of "America First", and not the "Globalist" piggy bank to be robbed at will by our friends, America is on the right track finally for the American People. It is time America rebuilt and let those other countries survive by their own means. It is time our Corporations came home and brought their money back to invest in the American People.

Russia Collusion:

The liberal media is doing everything in their power to destroy the President of the United States, based upon Russia collusion. It has come out that Comey started the Russia investigation with the dossier provided by the Obama administration (Comey, Clapper, Brennan, etc...) who were responsible to stop the Russians and failed to do so. Obama and the Clintons were totally devastated when Trump took the Presidency. Of course Comey and Muller (as EX-FBI Directors) have been working in "Conspiracy" to destroy the Trump Administration to maintain B.A.R. Association superiority. The liberal media is promoting this "Scheme" and justifying every move of "Organized Crime" as defined in R.I.C.O. as "Interference with commerce by threats and violence" 18 U.S.C. 1951 (a)(b)(1) and (2). Trump is conducting the business of the United States and the FBI, DOJ, Congress and the Special Counsel are "Conspiring" to stop President Trump by any means necessary.

The Russia investigation is a "organized scheme" of B.A.R. Association membership to keep our President in check and under suspicion by the American People. Other than the haters of the liberal media what cause do we really have to hate Russia. Let's consider the evidence. The Democrats fraudulently claim Russia interfered in the 2016 election trying to fraudulently establish Trump won because of the help from the Russians. But there is no evidence any vote was changed in the election, so the American People elected Trump, not the Russians. Putin said it clearly, he wanted Trump to win because Trump wanted to normalize

relations with Russia. Let's be realistic every nation tries to influence the elections of other countries. For example, Obama tried to influence the Brexit election in England, to keep England in the "European Union", of course that was just another failure on top of so many others by the Obama Administration. In truth Russia has never been an enemy of the American People, we were allies in "War". The problem is the Obama Administration and the Democrats could not establish relations with the Russians and the Trump Administration can. The problem with the Obama Administration was he was a "want to be" and was dealing from a position of weakness, thus received no respect from the world's leaders. Trump is among the one percent who have International recognition among world leaders where he has done business for years. Trump has acted from strength to take control of America's interests and assets, to utilize those forces to bring about change for the betterment of America's world standing. Obama didn't have the guts to play the game and Clinton, if elected, would have started WWII for her vanity in wielding power. America is blessed to have a President who can re-establish our reputation as a world leader and believe he has potential to bring all nations together in a common goal of world peace. But as long as the American People are manipulated by B.A.R. Associations conspiring with liberal media to spread "Fake News" progress will be hindered and our goals can not be reached.

The best example of this "Scheme" is the recent confirmation process of a Supreme Court Justice. "Foreign agents" of the B.A.R. Associations worked with the liberal media to spread lies and allegations as "truth" to the American People. The Democrats showed their true colors by trying to change the American principle of "Innocence until proven guilty" to "Guilt by accusation". Putin said it best, he does not need to war with the United States, America has the Democrats for that purpose. Trump is right yet again, the Democrats are the party of liars, manipulators and crime. Trump established yet another victory by having his nominee confirmed to the Supreme Court as a conservative thus making the court more prone to enforce our Constitution. The process showed me what lengths the Democrats would go to destroy the foundation of our "Republic". No where in our "Declaration of Independence", "Constitution for the united States" or our "Bill of Rights" is any mention of a "Democracy". The Constitution in Article IV, Section 4, "The United States shall guarantee to every State in this union a Republican

Form of Government, and shall protect them against invasion;...”. I believe the States have been invaded by a “Foreign State” of B.A.R. Associations to deny them a “Republic” form of government. Democrats have demonstrated time and time again there are no lengths they will not go to in their efforts of “Character Assassination” of Trump or any of his Administration.

Defamation of Character, Libel and Slander:

The liberal media have become B.A.R. Associations’ whores to act as political hacks to promote the B.A.R. agenda. The best example of this is the attorney Avenatti who represents a “porn star” who is not only willing to sell her body for money, but is not above “blackmailing” the President. This attorney in “conspiracy” with the liberal media has worked diligently to establish Trump is a liar and the “porn star” is an upstanding person who should be trusted. Avenatti has worked hard to build the reputation that he is going to bring down the President by exposing he had an affair one time with a porn star. The whole purpose of the civil case is to elevate Avenatti to fame and fortune by slander, libel and defamation of Donald Trump’s character. The only problem is the American People don’t care and refuse to jump on the Trump haters train. Jesus Christ said let he who is without sin cast the first stone. Last time I checked sex outside marriage is the sin of “adultery”, everyone knows lawyers are liars, lying is a sin as well. Jesus Christ, the only one I know to live a perfect life, said all fall short of the glory of God. It seems to me the liberal media have become judge and jury establishing Trump’s guilt in society by constant repetition of the same vial crap day in and day out, this is a politically motivated hatchet job. I ask aren’t we all supposed to be innocent until proven guilty? In the confirmation process Democrats tried to change this to guilty by accusation. Of course it failed because the American People are for law and justice, they will not follow the Democrats working to eliminate justice in our nation. Of course the other foreign agents of the B.A.R. Associations, attorneys of Muller’s gang of thugs have indicted Cohen for campaign finance violations, based upon Avenatti’s media blitz of hush money to “Stormy Daniels”. This “Organized scheme” has but one purpose to stop Trump from cleaning up the swamp and reducing the “organized crime” of B.A.R. Association attorneys. The majority of the American People are sick of these tactics of government and the liberal media who promote their interests.

Evidence of Collusion by CNN:

The liberal media and CNN have constantly attacked the President for collusion with the Russians. But yet CNN has correspondents reporting from Russia, Moscow specifically. In order to have a correspondent of a foreign nation in Russia, makes me wonder what kind of collusion has been reached between CNN and the Russia government. CNN promotes themselves as a “Global News Network” who acts as a propaganda instrument of the “New World Order” of “Globalist”. These hypocrites claim to have the interests of the American People at heart, while condemning tax cuts that puts more money in their pockets, while promoting illegal immigration that is allowing criminals to prey upon the people and promoting racism as a means by which to divide the American People. On CNN it is acceptable for blacks, Porto Ricans, Mexicans, Muslims and others to spout their hate against whites and Trump supporters. Racist organizations such as Black Lives Matter, Antifa, ACLU, NAACP, etc... can utilize CNN, MSNBC, CBS, ABC, NBC, etc... to spread their racist hate of the President and his supporters without evidence. Racists like Van Jones are promoted and given their own show to promote their hate in America. As long as there is a platform available for racist like Van Jones, Anna Navaro, Wolf Blitzer, Jim Acosta, Cuomo and others to attack our President without evidence or accountability racial tension will grow in America and the American People will be divided. Blacks, Mexicans, Porto Ricans etc... are the minorities standing up telling whites you must bow to us, if a white person refuses to bow they are labeled a “racist”. This is the minority telling the majority how we must act. CNN promotes racial hatred and blames the whites for all conflicts, for example Charlottesville. The Democratic government refused to allow police to perform their duty to protect all the American People, that allowed a violent clash to occur, so they could condemn the White Nationalist. One man acted to kill a woman and injure others, so now on CNN all whites who don't agree with their racist agenda are now labeled White Nationalist, Neo-Nazi or KKK. But Black Lives Matter, Antifa, ACLU, NAACP, Al Sharpton, the Congressional Black Caucus (CBC) etc... are all right and the white organizations are all wrong according to the Fake News Media. Buffalo Springfield said it best in their song, “Nobody is right, if everybody is wrong.” Of course I have been labeled a “racist” because I refuse to bow, I repeatedly call out blacks who use the racial

slur “white boy”. They don’t want us to use the term “nigger”, but believe their slurs are acceptable. To me, the term “nigger” means an “ignorant person”, I believe there are “niggers” in all races. My philosophy of people was established early in my life by the great Dr. Martin Luther King, Jr., he taught me to judge a man by the content of their character, their knowledge and ability. Only when us non-racist start openly condemning the racists of our own race will we be able to unite as Americans, each equal and no-one above another.

Conclusion:

A media is meant to give a fair and unbiased presentation of the facts, our news media of today twists and turns the facts to reflect their agenda. Most liberal media attack, demean and demoralize the American People to stimulate those who share their views. Until we can all be united as Americans living with respect for each other in peace, there will always be those in media who can play upon our doubts, fears, hates and insecurities. We must learn we cannot judge each other by the color of our skin, the way we dress, our economic status or social standing. There are good and bad in all walks of life, the good must unite and condemn those who do wrong to others. America is an experiment to bring all people with different backgrounds together when we can stand united and show the world we can live in peace with each other, then we can promote peace in all countries of the world. I support Trump in his vision of world peace. We are only limited by our conception of what is or is not possible. The difference between dreams and reality is implementation.

Chapter Seven

“DEPARTMENT OF JUSTICE”

The Attorney General of the UNITED STATES, Jeff Sessions, has the duty to prosecute all crimes committed within the United States of America. The felony crimes of Federal Judges and Justices, United States Attorneys and Federal Bureau of Prisons personnel are ignored and allowed to abuse, persecute and terrorize the American People without accountability. In the last eight and a half years I have filed numerous complaints against these individuals, which include, “Conspiracy

against rights” 18 U.S.C. 241, “Deprivation of rights under color of law” 18 U.S.C. 242, “Seditious Conspiracy” 18 U.S.C. 2381, “Forced labor” and 18 U.S.C. 1589, all of these crimes have been presented to the Attorney General Sessions who has refused to investigate and prosecute. Of course, failure to prosecute constitutes a federal crime of “misprision of felonies” 18 U.S.C. 4. As the highest “Foreign Agent” of the B.A.R. Association the Attorney General acts as the protector of all B.A.R. Association corruption. A double standard has been established in the UNITED STATES whereby the American People can be prosecuted for minor crimes and given harsh mandatory sentences, but B.A.R. Association members can commit severe felony crimes without fear of criminal prosecution. The “Attorney General” should be renamed as the “B.A.R. Association Protection Officer”. By recusing himself Jeff Sessions has created an excuse to ignore the crimes of Comie, Muller, Brennan, Clapper, Lynch, Orr, Obama, Holder, etc... and become a lame duck “Attorney General”, who is incapable of performing his duties to operate the “Department of Justice” and over-see the operations of the “Federal Bureau of Investigation”. I ask what is Jeff Sessions being paid to do? In any business in America he would be fired for failure to perform the duties of the office for which he was appointed.

Second Independent Counsel:

Many are calling for a second special counsel to investigate the “Department of Justice” and the “Federal Bureau of Investigation”. This would basically be a “foreign agent” of the B.A.R. Association investigating the corruption of B.A.R. Association membership. Of course, no evidence of criminal conduct would be found, it would be business as usual and the corruption would continue. Lawyers will never hold lawyers accountable for their crimes against the American People, because they are all involved in the criminal conduct. I have considered the possibility of a “Military Tribunal” to hear the complaints against the DOJ and FBI, but again all members of the “Military Courts” are “foreign agents” of the B.A.R. Associations as well. Consider the following:

There used to be an authority of the military, called the “Provost Marshal” that had the responsibility to arrest and detain judges who violated our Constitution and the power to remove any judge who violated their “Oath of Office”. In the course of

the last eight and a half years of my incarceration, my family members went to the “Provost Marshals” offices at Fort Leonard Wood, Missouri and showed evidence of criminal acts of the judges to ignore the law, further conspiracy, deny Habeas Corpus, and acts of aiding and abetting felony crimes. Every military officer has an “Oath of Office” to defend and protect the Constitution against all enemies foreign and domestic. But when a military officer is a “foreign agent” of a B.A.R. Association his allegiance is given to the B.A.R. first, not his military “Oath of Office”. The “Provost Marshals” have become complicit in the corruption of our justice system by not doing their job to hold judges accountable. I have personally requested the enforcement of the Constitution when battling the “organized crime” of Jackson County, Missouri, the denial of the Constitution by the Missouri Supreme Court and I requested a military escort to the “Missouri Senate” for “Impeachment Proceedings”. So the possibility of the “Provost Marshals” acting to serve and protect the Constitution has been tried, tested and refused, to protect the corruption of “foreign agents” of the B.A.R. Associations. These facts need to be investigated, prosecuted and addressed.

United States Supreme Court:

It has become “common practice” for the “Clerks of the Supreme Court”, Higgins and Scott, to dismiss “Habeas Corpus” and Constitutional Rights Violations to protect the corruption of judges, “foreign agents” of the B.A.R. Associations. I have petitioned the United States Supreme Court seven times and all were dismissed by the Clerks to keep the Justices from having to take action against judges of the lower courts who have committed criminal acts in our Courts. In my case, I was “Ordered” guilty by the preponderance of evidence in a bench trial where United States District Court Judge Gary A. Fenner refused to present findings of facts and conclusions of law to support his “Order”. No signed “Judgment” is present in my case. In every Federal Prison the government sent me to, I filed Habeas Corpus in that jurisdiction challenging the authority and jurisdiction of District Judge Gary A. Fenner to send me to prison. Habeas Corpus has but one purpose, it is to allow a person incarcerated the right to be brought before the court and the government to prove their authority to imprison him. Habeas Corpus can be written on toilet paper in crayon and must be honored in accordance with Article I, Section 9 of our Constitution. Every District Court

dismissed “Habeas Corpus” and refused to bring me before the Court. Every Circuit Court denied my appeal and refused to honor Habeas Corpus in their Courts. The Clerks of the United States Supreme Court dismissed Habeas Corpus and all illegally, unlawfully and unconstitutionally allowed false imprisonment to continue for eight and a half years. I served everyday of an illegal sentence imposed on me without authority of law, because every Federal Judge, including Supreme Court Justices, who have an “Oath of Office” to uphold our Constitution refused to act in support of our law.

What I have created is a “Public Record”, in the name of “Denny Ray Hardin” in the Districts, Circuit and Supreme Court that clearly establishes non-compliance with our law of over 200 judges and justices of the Federal Courts. This establishes by facts, law and evidence “organized crime” of our “Judicial Branch” of government of criminal acts committed with malice, intent and knowledge to refuse to enforce our law. I have served my time now comes the responsibility of these “Public Servants” to prove by facts, law and evidence, they had lawful authority to take my liberty and freedom, without a signed complaint, without a competent fact witness, without due process of law and that an “Administrative Law Judge” has authority to conduct a “Judicial Process” of “Criminal Prosecution”. If United States District Court Judge Gary A. Fenner cannot prove by law he had authority and jurisdiction to conduct my criminal prosecution, then I assert he is an enemy of the American People who has been given aid and comfort by “foreign agents” of the B.A.R. Associations in clear acts of “Treason” under Article III, Section 3 of our Constitution. I demand a criminal investigation of the “Public Record” created and criminal prosecution of all the “foreign agents” involved.

Note: President Donald J. Trump was sent a criminal complaint naming over 200 Federal Judges and Justice, whether he received it or not is unknown. If not, a copy is available upon request.

Recommended Solution:

In our law there is a term “Ex Rel” which means “Private Attorney General” it allows “Private Citizens” to act as “prosecutors” to present evidence to a “Public Grand Jury”. This “Public Grand Jury” should have no “foreign agents” of the

B.A.R. Association and should be televised so the American People can see what has been done to them and what is being done to correct the problem. Every Defendant, named in my complaint, is a judge or justice and are deemed to know the law. Only incompetent individuals need an attorney, should a judge or justice wish to be represented by an attorney, his/her incompetence will be established before the Public Grand Jury and he/she must be removed from Public Office for cause. I will present the facts, law and evidence against the individual who will be given the opportunity to cross examine the witness. Since this is to be a televised "Public Grand Jury" the American People will be the "Judge" as to whether or not justice has been served. The "Public Grand Jury" will hand down "Indictments" against those who have acted against our law and will present them to the Attorney General for criminal prosecution. Should Jeff Sessions, the Attorney General, refuse to prosecute it will constitute "Misprision of Felonies", Obstruction of Justice", "Conspiracy against rights", "Deprivation of rights under color of law", "Seditious Conspiracy", "Misprision of Treason" and will establish the Attorney General is the "King Pin" of "Organized Crime" of "foreign agents" of the B.A.R. Associations. These are "Impeachable Offenses" for which he should be impeached and removed from "Public Office", then tried for his crimes.

Chapter Eight

"Principles of Law"

It is a well established "Principle of Law" that in the United States of America the American People are "Sovereign", not our government. Contrary to popular beliefs, the government is not our "Masters", they are our employees acting as "Public Servants". For far too long, we the American People have allowed our employees to abuse the power we allow them and use that power against us. When a government employee violates one of us, he/she is violating us all. The "foreign agents" of the B.A.R. Associations have united in "Conspiracy" to attack us individually, it is time we the American People united to collectively hold our government accountable to our law. The blacks have been fighting for justice on an individual bases, but injustice is not limited to them, it affects us all. They are correct in their chant "No Justice, No Peace". Peace can only exist in a society

where all are equal under the law, all are equally accountable under the law and no-one is above the law. I say it is time we the American People united to bring peace to our Nation. I say we the American People should accept nothing less from our “Public Servants”.

A Court of Impossibility:

All the American People are assured certain rights by our Constitution for the united States in all criminal prosecutions. In my case I requested one subpoena for my records from the New York Federal Reserve Bank, in exercise of my 6th Amendment Right to compulsory process to obtain witnesses in my favor. I presented my petition in a pre-trial hearing before any evidence had been presented. Federal District Judge Gary A. Fenner denied the petition and violated the 6th Amendment with the statement, “Your petition is denied, that account does not exist.” District Judge Gary A. Fenner clearly demonstrated his bias and prejudice by making the determination my account does not exist, therefore, no bond I wrote could be proven legal. He made this determination based upon no evidence and created a “Court of Impossibility” whereby my conviction was assured. Because of this determination I knew the possibility of a fair and impartial trial did not exist. District Judge Gary A. Fenner by his opposition to our Constitution acted without Jurisdiction or authority of law, so I made him personally responsible for the verdict in my case by requesting a “Bench Trial” with “Findings of Facts” and “Conclusion of Law”, to support his “Judgment”. To date he has refused to justify my conviction with facts, law and evidence establishing a crime had been committed. The “Order” of “Guilt” is “fraud upon its face” because it is not supported by any testimony of an “Injured Party”. Because I forced the UNITED STATES DISTRICT COURT to allow me to act on my own behalf, I conducted the trial with a set purpose in mind.

The Trial of Denny Ray Hardin:

Because “Jurisdiction” had not been stated on the Record, every time I spoke during trial I started with, “I object to these proceedings because jurisdiction has not been stated for the record.” Once challenged it is the obligation of the United States Attorney to establish the jurisdiction of the Court, Brian P. Casey was not required to meet this obligation and District Judge Gary A. Fenner ruled the

objection is denied. Therefore, Brian P. Casey and Gary A. Fenner “conspired” to conduct a “mock trial” in a Court of no “jurisdiction”, in a clear act of “Treason” under the following United States Supreme Court Cases:

“When a judge acts where he or she does not have jurisdiction to act, the judge is engaged in an act of treason”. COHENS v VIRGINIA 19 U.S. 264, 404, 5 L.Ed. 257, 6 Wheat. 264 (1821)

“ We [Judges] have no more right to decline the exercise of jurisdiction which is given , than to usurp that which is not given. The one or the other would be treason to the Constitution.” U.S. v Will, 449 U.S. 200, 216, 101 S.Ct. 471, 66 L.Ed.2d, 392, 406 (1980); COHENS v VIRGINIA 19 U.S. 264, 404, 5 L.Ed. 257, 6 Wheat. 264 (1821)

Throughout the trial FBI agents got on the stand, under the penalty of perjury, and offered “hearsay” testimony that I had injured hundreds of people. FBI agents Van Sickle and Dewitt were the creators of this “fraud” and forced my friends and family to testify against me by subpoena. Because I was speaking on behalf of myself, I cross examined every witness in the following manner. I asked every witness two questions; 1) “Did I injure you?” Every witness answered “No, you didn’t injure me.” And 2) “Did you sign a complaint against me?” Every witness answered, “No, I didn’t sign a complaint against you.” After every witness I made the following statement to the Court, “Your honor, let the record reflect, this is not a competent fact witness for the purpose of the indictment. Not one witness claimed injury and no-one signed a complaint, therefore, there is no “Probable Cause” to support an “Indictment”.

Because Rule 3 of the “Federal Rules of Criminal Procedure” requires a “Complaint” (Probable Cause) that can only be signed by an “injured party”, is what the “Grand Jury” investigates to issue an “Indictment”. Assistant United States Attorney Brian P. Casey, defrauded the “Grand Jury” by presenting FBI Agent Van Sickle and an agent of the UNITED STATES DEPARTMENT OF EDUCATION, who made “False declarations before the grand jury and court” a “crime” under 18 U.S.C. 1623, fraudulently claiming I had written fraudulent bonds. Because I was lawfully engaged in “Commerce” the “crime” of “Racketeering Activity” under 18 U.S.C. 1951 (a)(b) (1) and (2) of “Interference

with commerce by threats and violence” is present by “conspiracy” of ASSISTANT UNITED STATES ATTORNEY Brian P. Casey, FBI Agents Van Sickle and Dewitt, Anita Burns, UNITED STATES MAGISTRATE Robert E. Larsen, UNITED STATES DISTRICT JUDGE Gary A. Fenner and the agent of the UNITED STATES DEPARTMENT OF EDUCATION. To date the “Transcripts” of these proceeding have been withheld to protect the “criminals” within our government who conducted this “Organized Crime”. My “Indictment” is “Fraud upon its face” because it is not based upon “Probable Cause” of a “Complaint” signed by an “injured party” under penalty of “perjury”.

To utilize the Justice System to interfere with Commerce is prohibited by R.I.C.O. the “Racketeering Influenced and Corrupt Organizations Act”. I believe the FBI to be a corrupt organization from the top to the bottom. Because the “Indictment” was fraudulently obtained, the Court could not establish “Jurisdiction”, no witness presented a signed complaint against me, none of the witnesses claimed injury and District Judge Gary A. Fenner could not justify my conviction with “Findings of Facts” and “Conclusions of law”. I believe I was wrongfully prosecuted, wrongfully convicted and wrongfully incarcerated to protect the “Organized Crime” of the Banking Industry. I put on no defense at my trial, because no evidence of a crime was presented, therefore there was nothing I did wrong to defend against. I believe because there is no “Findings of Facts” or “Conclusions of Law” issued by District Judge Gary A. Fenner to date, there is no evidence of a crime by me and I remain in “Honor” while my government is in “Dishonor” for not following the law that governs their conduct and not allowing equal protection of law guaranteed to every one of the American People under our law. The difference between me and the average American who goes to court, is I knew the laws being broken, challenged the Court for its violations of law and was denied those protections of law that are guaranteed to all Americans. The average American does not have a clue how corrupt, the Judicial Branch of our government, has become under the “foreign agents” of the B.A.R. Associations. This accounts for the 98% conviction rate boasted of by the Federal District Courts. In reality, these are kangaroo Courts that utilize fraud, misrepresentation, threats, terrorism and deceit to protect the “Organized Crime” victimizing the American People for the financial profit of “co-conspirators” of the B.A.R.

Associations. The “Treason” of District Judge Gary A. Fenner was protected by every court I appealed to, to allow wrongful conviction to continue to wrongfully incarcerate an American and protect the status quo of these fraudulent Courts.

Why I was prosecuted:

I lawfully established the “Private Bank of Denny Ray Hardin” that had but one function to pay off debt of the American People. A “Private Bank” can only pay debt, it cannot make loans, accept deposits, charge interest or pay interest, these are commercial banking activities. We will get into this aspect later in this book. Based upon this account, I wrote over 2900 “Bonded Promissory Notes” for about \$168,000,000 worth of credit to pay off debts of Americans all across this Nation. The problem was “Commercial Banks” refused to process this form of payment in clear violation of HJR 192 that says they must accept all forms of payment for debt. Commercial financial institutions and the Federal Reserve Banks have been “Conspiring” to “monopolize our currency” and deny the American People their birthright to access their accounts in the Federal Reserve Banks. Because Commercial Banks were refusing to process the payments, credit the accounts and release the American from their obligation, I filed complaints with the “Federal Trade Commission”, “Comptroller of the Currency”, “Federal Banking Commission” and the “Securities and exchange commission”, attacking the “Bank Fraud” 18 U.S.C. 1344 and “Securities Fraud” 18 U.S.C. 1348 by the “Commercial Banks”. It was learned later that the reason the commercial banks refused to process the payments was because they had traded the deeds back and forth in “Mortgage Fraud” and did not have the deeds for the properties I was paying off. After I was sentenced to prison I learned these commercial banks were charged for their “Mortgage Fraud” and forced to pay huge fines. I filed complaints against Countrywide Home Loans, Wells Fargo, U.S. Bank, Bank of America, J.P. Morgan Chase, etc... none of these commercial bankers went to prison, I believe I was prosecuted to protect the “Organized Crime” of their “Conspiracy to defraud” the American People.

The System of Defrauding the American People by Bankers:

When I established the “Private Bank of Denny Ray Hardin” I took over my “straw man account” that is deposited in the “New York Federal Reserve Bank”. I took control of my “Social Security Number” and removed it from the “Public Domain” to the “Private”, which limits the use of my account to only functions I authorize. This is the foundation of the “Organized Crime” of the financial industry that only they have access to the Federal Reserve Bank Accounts that are the assets of the American People. This was easily determined in the following manner:

Step One: I went to the website for Dunn and Bradstreet.

Step Two: I entered my SSN (Social Security Number) without dashes.

Step Three: I learned my SSN was being utilized by the UNITED STATES INC. as collateral to secure loans from many foreign nations. We the American People are being traded as assets of the government. Legalized slavery by government.

Step Four: When I took control of my straw man account my SSN was removed from Dunn and Bradstreet, this is how I knew my SSN was now private.

Note: The SSN Card is the key to this account, your SSN is the Public Number, but on the back of the Card is a number in red that is your account number in the Federal Reserve Banks. The letter at the beginning tells you which Federal Reserve Bank your account is in, and the number is your account number. This information has been hidden to deny access, but the Federal Reserve Banks are numbered as follows; 01 is A, 02 is B, 03 is C, etc... Any Encyclopedia shows the numbers of these banks.

These accounts are established for each and every America born in one of the States of the Union, but these accounts have been hidden from us so financial institutions can discriminate against the American People by saying who can have credit or be denied credit. First we must understand all credit is “Fraud” by bankers. This is how the system works:

Buying a house:

1. You fill out an application to purchase a house. The Banker goes through the approval process.
2. You are approved or rejected.
3. At closing you sign a “Promissory Note”.
4. The Banker goes in the back room and sends your “Promissory Note” through a scanner to the Bank and receives 110% of the value of the “Note”.
5. The Banker signs an “Agreement” whereby you agree to repay the loan.
6. You start making payments on the loan. Should you fail to make three payments the banker will foreclose and start the whole system over with another member of the American People.

This System is all “Fraud” as follows:

Fraud One: Everyone has the ability to buy a house through their straw man accounts, the approval process is all “Fraud”. It is clear discrimination of bankers by allowing some to have access to their accounts and others to be denied.

Fraud Two: When you sign the “Promissory Note” the house is paid for, by your signature, as the “Principal”, “Secured Party Creditor” and “Transmitting Utility”. This is “Fraud” because no loan was ever made by any financial institution. In reality you are being forced to pay twice for the same thing.

Fraud Three: “Foreclosure” is all “Fraud” by Bankers and “foreign agents” of the B.A.R. Associations working in “Conspiracy” to “steal” your property under the color of law.

Our Constitution only allows the States to use gold and silver as tender in payment of debts as stated in Article I, Section 10, Clause 1. This means only gold and silver can be used to make a loan to establish a debt. Because of the banks’ collapse of 1929, regulations were put in place that prohibited Bankers from risking the deposits of their depositors. Which means Bankers cannot make a loan; they can only act on behalf of one of the American People. This is our power, they need us we don’t need them. The method for exposing the “fraud” of this system is

to demand the “Original Blue Ink Signed Promissory Note” be produced in Court at “Foreclosure”. Under the Uniform Commercial Code 1-308, the original must be produced in Court upon request. The attorney will try to present a copy, but you should reject it as a “forgery” and demand the original to compare it to for establishment of a binding “contract”. This will not be done, because when the “Promissory Note” is sent through the scanner a stamp of “Non-Redeemable” is placed on the back to prevent banks from getting paid twice on the same note. The “Original Promissory Note” would prove in Court the “Fraud” of the attorney to collect a debt that has already been paid. I learned of this through a friend in Iowa who witnessed it firsthand.

The Court convened and there were five cases of “Foreclosure” to be heard in Court that day. The first case was called a man and woman walked forward and the Judge asked, “Do you owe this debt?” The man answered, “Yes but I lost my job and cannot pay right now.” The Judge granted the foreclosure. The second case was called and a man walked up and the Judge asked, “Do you owe this debt?” the man answered, “Yes, but I was in a car wreck and have been off work for six months.” The Judge granted the foreclosure. The third and fourth were basically the same with foreclosure being granted. The fifth case was called and a man walked up. The Judge asked, “Do you owe this debt?” The man answered, “I am not sure I need to see the blue ink signed contract.” The attorney spoke up and said I have a copy right here your honor. The man took the paper, examined it and said, “Your honor this is a forgery I need the original to compare it to.” The Judge said that sounds like a reasonable request and said to the attorney let’s see the original. The attorney said I don’t have the original with me, it is across the street at the bank. The Judge said great, let’s go across the street to the Bank. At the Bank, the lawyer went into the office with the President and closed the door. About 30 minutes later the lawyer reappeared and told the Judge the original is not available. The Judge said the petition for foreclosure is denied with prejudice (meaning the case cannot be brought again) and the debt is paid in full. Then the Judge asked the attorney is the originals available for the other cases you brought. The attorney answered no. The Judge said those petitions are denied as well and those debts are paid in full with prejudice.

This “conspiracy” to “defraud” the American People by “foreign agents” of the B.A.R. Associations and “Bankers” working in concert, is to collect fraudulent debts that are paid in full. Lawyers pay bankers pennies on the dollar to buy these debts then foreclose or garnish wages to fraudulently collect debts through manipulation of the Courts. The “original note” has the stamp of “non-redeemable” on the back as proof of status of that debt. The lawyers have created a system of “Organized Crime” of “Extortion under color of law”, either pay me or lose your house. These practices are prohibited by Federal Law, known as the “Fair Debt Collection Act” 15 U.S.C. 1692. Lawyers working to collect debts are prohibited by this act that identifies them as “Third Party Debt Collectors”. This corruption is not limited to mortgage, it is present in every financial corporation in America. Every debt is paid by a signature of one of the American People acting as a “Secured Party Creditor” or “Transmitting Utility”, this includes student loans, credit cards, cars, etc... are all paid from the “straw man account” and all have the stamp of non-redeemable on the back of the original note. Every American should demand the original note in court and every judge should require its production. It is time the American People came to understand their position in society, we have the right to contract and give evidence 42 U.S.C. 1981. Every race, religion, sex and ethnicity are equal under the law. Most don’t know who they are and are dependent upon “foreign agents” of the B.A.R. Associations to protect them. Lawyers protect lawyers’ interests, not those of the American People.

Principle of law:

Each and every one of the American People who are born in one of the 50 States or Territories is a “State Citizen”. I am a “Citizen of Missouri State”. Not the corporate “STATE OF MISSOURI”. Each of us are a “Principal”, “Secured Party Creditor” and “Transmitting Utility”. Under Federal Law we are given the right to “contract” and the right to “give evidence” 42 U.S.C. 1981. Every one of the American People should understand 42 U.S.C. 1983, 42 U.S.C. 1985 and 42 U.S.C. 1986, this is part of the “Civil Rights Act” that protects us all and provides the means of holding government officials accountable for their conduct.

“Standing”

“Standing” is the authority to come before the court with our grievances or challenge the standing of our accusers. The United States of America is a “Common Law” Nation, but “foreign agents” of the B.A.R. Associations have unlawfully seized our Courts to operate “Admiralty Jurisdiction” of the sea, upon the land, in acts of “in-land piracy” whereby a “Judge” fraudulently claims the authority to act as a “Captain of a Ship” and dispense justice as he or she sees fit. This is clearly “Fraud”, a “Judge” in a “Common Law Court of Record” is required to follow the law. To bring one of the American People into “Admiralty Jurisdiction” upon the land is known as “Press Ganging” and has been outlawed for over 200 years. Only “Principals”, who claim an injury, have the right to give evidence in our Courts, attorneys acting as “agents” may speak for a “Principal” but only with the permission of the “Principal”. The only time a “Principal” is not required in any case in our Courts, is in a criminal prosecution for the crime of murder. In all other cases a “Principal” is required for the prosecution and defense attorneys to have authority to speak. Without a “Principal” no attorney has the authority to speak in our Courts.

The Common Law Principle of “Agency”:

Only one of the American People can act as “Principal” to establish “Agency” in a court proceeding. The “Principal” has the right to contract with an attorney to speak as his/her “Agent” in Court. “Agency” can only be established by a “Principal”, “Agents” cannot establish “Agency”. A “Principal” must establish “Agency” in one of the following manners:

Signed “Power of Attorney”

“Agency” can be established by one of the American People acting as a “Principal” by signing a “Power of Attorney” allowing the attorney to act as “Agent” and speak on his/her behalf.

Verbal Statement in Open Court

“Agency” can also be established by a “Principal” standing in open Court and telling the “Judge” the attorney is acting as his/her “Agent” and has the right to speak on his/her behalf.

Any appearance by an attorney without “Agency” is “Fraud”. According to our Bible, God established our courts to settle disputes between the people, our forefathers adopted this principle and established it as law. Judges were appointed and given the responsibility to provide the people with just judgments. “Foreign Agents” of the B.A.R. Associations have corrupted our Courts and changed them into an “Organized Crime Syndicate” to fleece the American People of their assets, liberty and dignity. In our courts, only “Principals” have the right to give evidence on any issue. The 6th Amendment give everyone of the American People the right to cross examine his/her accuser, this means it must be one of the American People who takes an “Oath” to tell the truth under penalty of perjury. Without the “injured party” every case prosecuted by an attorney is “Conspiracy against rights” 18 U.S.C. 241 and a violation of the 5th and 6th Amendments for denial of due process of law to cross examine one’s accuser. Attorneys have no authority to give evidence at all, only the American People have the right to give evidence.

Chapter Nine

“The Fraud of Representation”

Every “crime” in the United States of America requires an “injured party” who has been hurt, injured, violated or suffered loss of property. The American People acting as “Principals” have the right to present evidence and have those who have injured them punished for their trespasses or crimes. “Foreign Agents” of the B.A.R. Associations have created a corrupt system whereby they determine who will or will not be prosecuted. They do this by fraudulently claiming to represent a “corporate fiction” either “STATE OF MISSOURI”, “CITY OF KANSAS CITY” or the “UNITED STATES OF AMERICA”. None of these “Corporations” have the right to “contract”, only the American People have the “right to contract”. Because a “corporation” cannot speak, cannot write, cannot be cross examined and cannot establish “Agency” with an attorney to act as its “agent” all representation

of “corporations” is “Fraud with intent to deceive”. All representatives of corporations are agents themselves and cannot lawfully act as a “Principal”. A corporation is an individual acting under an assumed name to evade the repercussions for his/her actions. Of course, the “Presidents” of “corporations” are accountable for the conduct of their “agents” and can be prosecuted for their crimes. It is time for the American People to re-establish the law in our Courts and remove the ability of “foreign agents” of the B.A.R. Associations who have created a conspiracy that allows them to monopolize the Courts of the American People. In the “Common Law Courts” created by our forefathers only an “injured party” has the right to have one of the American People prosecuted. Only an “injured party” has the right to give evidence to a “Grand Jury” for an “Indictment”. By allowing “foreign agents” of the B.A.R. Associations to fraudulently claim to speak for a “corporate fiction” rather than an “injured party” this is the cause of America’s prison population growing to 25% of the world’s prison population. Every case of “criminal prosecution” without an “injured party” is clearly “Fraud upon the Court” by the prosecutor, defense attorney and judge engaged in this “Racketeering Activity”. We the American People should not be paying “foreign agents” of the B.A.R. Associations, whether attorney or judge, to persecute and imprison the American People. 98% of the American People incarcerated have no “injured party”, they were imprisoned through fraud, misrepresentation and deceit of foreign agents acting in conspiracy of criminal activity. To stop this “Organized Crime” some basic law must be enforced and all attempts to circumvent our law must be prosecuted by our Courts. These are as follows:

1. Only an “injured party” can give evidence to a “Grand Jury” for an “Indictment”, based upon a “Complaint” (Probable Cause) signed under penalty of perjury. Every State has this lawful requirement, but it is ignored to allow “revenue agents” (Police, FBI, DEA, IRS, Corporations, etc...) to generate cases for “foreign agents” of the B.A.R. Associations. When our police are there to serve and protect all the American People, rather than generate cases for attorneys or revenue for city governments, our Police will be respected and accepted as part of the American People once again. Until then they will just be “enforcers” of the “Organized Crime” of “foreign agents” of the B.A.R. Associations.

2. The “Plaintiff” must be a “Principal” one of the American People who, on behalf of himself or his agent, is acting as an “injured party”. The “Principal” must sign a “Complaint” under penalty of “Perjury”, must testify to the facts of the case and be subject to cross examination. This is the “due process of law” required by the 5th and 6th Amendments, that have been abandoned by the B.A.R. controlled Courts. This was once the “common practice” but was abandoned to allow “foreign agents” to fraudulently prosecute for “corporate fictions”. This is “fraud” and must cease.
3. All criminal cases must be properly filed in our Courts as follows:

Named Injured Party and

The People of the United States

Plaintiffs

v.

John Doe,

Defendant

Named Injured Party and

The People of Missouri

Plaintiffs

v.

John Doe,

Defendant

All cases with “Plaintiff” the “STATE OF MISSOURI”, the “CITY OF KANSAS CITY”, ‘UNITED STATES OF AMERICA” or some other corporate fiction, should be challenged as “fraud” for an “Attorney” acting without a “Principal” and without “Standing” to appear in our Court. These cases should be immediately dismissed for failure to bring forth the “injured party” and the

“judge” should be held “liable” for all injuries suffered by the “Defendant” who suffered wrongful prosecution. (See C. Jurisdiction in “Bill of Equity by Affidavit”).

When these three simple principles of law, are honored in our courts, 98% of criminal prosecution cases will disappear. 98% of the “Defendants” have no “injured parties” in their cases. These American People have been entrapped, extorted, manipulated, coerced, threatened, railroaded and terrorized to prison to justify the need to pay “foreign agents” of the B.A.R. Associations huge salaries to prosecute, defend and adjudicate fraudulent cases in our Courts.

In the course of my efforts to obtain justice, I have submitted evidence of criminal conduct of judges and lawyers who are deemed to know the law and can only act with malice, intent and knowledge to violate our law, to the FBI, U.S. Attorney’s Office, Provost Marshals and Jackson County Missouri Prosecuting Attorney’s Office, and was laughed at for believing I could hold these criminals accountable. The stated purpose of these agencies of government and the reason they are paid by tax-payers, is to serve and protect the American People, but their “common practice” is to ignore the crimes of government officials and allow the corruption to continue. This of course is the crime of “Misprision of Felonies” 18 U.S.C. 4 and many civil rights violations these are the foundation of the double standard of our justice system. Whereby, some are subject to criminal prosecution, while others are above the law, and cannot be touched (judges, lawyers and government).

Possible Solution:

Every “foreign agent” of the B.A.R. Associations should be removed from the “Provost Marshals” and the “Provost Marshals” should be required to act within their “Oath of Office” to defend and protect the Constitution against all enemies foreign and domestic. The “Provost Marshals” should be required to answer any request of one of the American People and investigate any violation of the Constitution by a judge, prosecutor, attorney or Public Official with the power to arrest and detain for criminal prosecution. I am asking for nothing special, this is their stated purpose, I am just asking for them to function as they are supposed to by their directive.

Chapter Ten

“Prison Reform”

In the last eight and a half years of my imprisonment I have heard repeated talk of prison reform. Government is promoting the fair treatment of inmates through their propaganda that the intent of prisons is to return the inmate to society as a productive member of society. The government claims their goal is to return inmates to their families, but these policies are not carried out in practice. There is a vast difference in what is presented to the public as “policy” and what is done to prisoners by the Federal Bureau of Prisons Staff. Consider the following:

Selective Discrimination:

The stated “policy” of the Federal Bureau of Prisons is that an inmate will be housed at the facility closest to their home, at their custody level, to allow visitation with family. It has been determined that it is easier on an inmate doing time when he or she can have visits from their family. To allow one inmate to be housed close to his family and send another far away where he cannot get visits is termed “Selective Discrimination”. The “policy” says an inmate will be housed at the facility nearest his house at his custody level, within 500 miles of his home. But the “practice” of the Federal Bureau of Prisons is to separate families from those who try to fight their unlawful imprisonment. I was housed in the “medium security” at Pekin, Illinois, at the “low and camp” in Big Spring, Texas and finally at the “camp” at the A USP Thomson, Illinois. I could have been sent to the “medium” at Leavenworth, Kansas, the “low” in Springfield, Missouri and back to Leavenworth, Kansas for the “camp”. But the Federal Bureau of Prisons staff determined I should be denied visits and sent me far away from home. Because I was sent so far away I can count the number of visits I had in eight and half years on both hands. My family wanted to come and see me, but because of the expense of travel and hotels, plus missed work I am thankful I got to see them as much as I did. I had to sit and watch as other inmates got to see their families every weekend or two or three times a month. Based upon my experience I was denied access to my family by “Selective Discrimination” lawfully termed “Cruel and Unusual Punishment” a violation of the 8th Amendment. The “Policy” of keeping families

together is good “Public Relations”, the “Practice” of the Federal Bureau of Prisons is a whole other story to persecute at will without accountability.

Management Variable:

The Federal Bureau of Prisons “Policy” has created a points system whereby inmates are housed according to a number system based upon their criminal history. I went into the Federal Bureau of Prisons with 5 points the “Policy” establishes these points as housed in a “camp”. 0-10 camp, 11-20 low, 21-30 medium and 30+ maximum. A “Management Variable” allows the Federal Bureau of Prisons to move an individual up to the next highest security level. I was evaluated at 5 points and raised two levels to a “medium” against Federal Bureau of Prisons “Policy”. I was housed with violent criminals at Pekin, Illinois where many of the facility were “lifers” who would never go home again. The medium is the lowest “lifers” can go, they are not allowed in lows or camps. At this facility I met “gang bangers” of the GDs (Gangster Disciples), Vice Lords, Piasons, etc... most on drug or gun charges. Because of my knowledge of law, the “Shot Callers” prisoners who run the compound befriended me and I was able to walk the yard. Otherwise I would have had to join a gang and be subject to the gang lifestyle. Blood was spilled all the time at this facility, the guards were only involved in the aftermath. If you were involved in the game you were subject to the rules. If you gambled and did not pay your debts, you were beat up. If you smoked or did drugs and didn’t pay your debts, you were beat up. If you were a snitch you got stitches. I was forced to adapt to this hostile environment and I thank God for my Cellie Johnnie Joe Batten (Sam) who steered me clear of most trouble. I truly believe I was sent here by my government in the hopes I would be killed. I learned I am a “survivor”. Again the “Policy” of the Federal Bureau of Prisons does not fit the “Practice” of staff.

Grievance Process:

The “Policy” of the Federal Bureau of Prisons (hereinafter “BOP”) is subject to review by an appeal process that allows an inmate to challenge staff for violations of policy. The policy begins with a BP8 that goes to the counselor. If denied a BP9 goes to the warden. If denied a BP10 goes to the Regional Director. If denied a BP11 goes to the Director of the BOP in Washington, DC. The lower you go in the

BOP the more “policy” is abused by staff. In the medium staff is respectful of inmates because a lifer really has nothing to lose, he would just be sent back to a maximum security USP. The worst place for abuse of prisoners, in my experience, was Thomson, Illinois, where the SIS (Prison Gestapo) is allowed by Warden Hudson to violate prisoners at will without accountability. I had no write ups for five years prior to arriving at Thomson and got 5 write ups by SIS Cruze in the 15 months I was there. After SIS Cruze threatened me with more time for filing documents in Court I wrote him up and went through the grievance process. SIS Cruze fraudulently claimed to be a “Law Enforcement Officer” capable of investigating me for a crime outside the institution. I filed against Mr. Cruze for threats, intimidation, harassment and coercion and took it all the way to the Regional Director before I left Thomson. These crimes were present because this fraudulent law enforcement officer (wannabe) failed to provide me my “Miranda Rights” before questioning. A 5th Amendment Right Violation. This created a “Public Record” that will be addressed before this fight is done, for allowing abuse of prisoners under their supervision. Warden Hudson and the Regional Director should be fired for incompetence, they both refused to hold SIS Cruze accountable for his criminal conduct. I will criminally charge SIS Cruze for his crimes against me. The “Policy” says inmates have a grievance process but in “Practice” no action is taken against those who abuse their power. The BOP does not stop abuse of prisoners they promote it all over the Nation.

Second Chance Act:

The “Policy” of the BOP says inmates are eligible for 10% of their sentence in a halfway house and home confinement. On my 10 year sentence I was eligible for 6 months halfway house and 6 months home confinement. I was sent to the halfway house with 6 months left on my sentence, to deny me visits and furloughs that I would have received at the halfway house. The purpose of the “Second Chance Act” publically is to allow inmates to re-acclimate to their families and home before their release. Again the “policy” presented to the public is propaganda that government wants the American People to believe that they want inmates returned to society as productive citizens, but in reality the BOP wants inmates to fail and be returned to prison. Prisons depend on inmates being housed in their facilities. The Case Managers of prisons refuse to file the paperwork for halfway houses.

People who have served 15 years get as little as 3 months halfway house and have to fight for that in most cases. In the BOP Case Managers are allowed to refuse to put inmates in for the halfway house and home confinement they are eligible for in most cases. In my case, the BOP wanted to get rid of me and put me in, but the Regional Representative refused to allow me the year I was eligible for on my 10 year sentence.

The biggest waste of tax payers' money is the criminal justice system. All the attorneys in Congress are great about talking the reform but won't ever get it done because they are loyal to "foreign agents" of the B.A.R. Associations who are all making money from the organized crime system. When the rest of the American People were struggling to make ends meet, attorneys were making boat loads of money keeping the prisons full. Most of these prosecutions were done in fraud, misrepresentation and deceit. This corrupt system is hurting all the American People, except "foreign agents" of the B.A.R. Associations. It is destroying families, wives miss their husbands, children miss their fathers, grand kids only know their grandpa by an occasional visit or phone call. I believe all those who have an "injured party" should finish their sentences, but all those crimes created by "imposter law" should be abolished and the Americans released and sent home to their families. This will make room in the prisons for all the "foreign agents" and "administrative law judges" who have profited from the "organized crime" of our criminal justice system.

Possible Solution:

There needs to be "Criminal Justice Reform" as long as "foreign agents" can profit from putting the American People in prison without an "injured party" there will be corruption within our government. Prosecutors have turned our "law enforcement officers" into "revenue agents" to generate case for them. This has allowed our "police" to abandon our rights to protections of law under our Constitution and created a system whereby all are guilty unless proven innocent. In the hundreds of cases I have been involved in, I have presented Constitutional rights violations, in all these cases not once has the Constitution been upheld. The "foreign agents" of the B.A.R. Associations unlawfully holding the "Public Office" of "Judge" know they can violate our Constitution without accountability and the

“foreign agents” of the appeals Courts will protect their criminal conduct. Then the clerks of the Supreme Court will simply dismiss any claim of Constitutional rights violations, to allow the “conspiracy” to continue. This “organized Crime System” has but one purpose to allow “foreign agents” to violate, persecute, defame and ostracize the American People without accountability for the sever felony crimes they commit every day. If a “foreign agent” is willing to screw the American People they are promoted in today’s “Criminal Justice System”. The system of corruption must be eliminated and the politics of making criminals of the American People must be removed from our society. I believe all U.S. Attorneys and all Federal Public Defenders should be fired and those “Public Offices” eliminated. In every criminal prosecution both the prosecutor and defense attorneys should be appointed by the judge and paid equally. This system is currently in operation in England, whereby the cases are argued by the facts, law and evidence, not by individuals promoting themselves based upon their conviction rate. I believe if an individual causes injury to another it is necessary to punish that crime. I also believe it is a crime for a “foreign agent” to attack one of the American People without an “injured party” who has signed a “Complaint” establishing “Probable Cause” for criminal prosecution. Our 6th Amendment Right guarantees us the right to face our accusers and cross examine them in open Court. By “foreign agents” utilizing “fictitious entities” as “Plaintiff” every American has been denied their 6th Amendment Right. All have been denied their Constitutional Rights and imprisoned without “due process of law” required by the 5th Amendment.

Conclusion:

I believe the President has the authority and obligation to correct this problem by commuting the sentence of every American imprisoned without an “injured party”. There should be an “Executive Order” issued to all Courts that there will be no criminal prosecution without a “complaint signed by an “injured party” establishing “Probable Cause” for prosecution. These steps will eliminate the criminal conduct of “foreign agents of the B.A.R. Associations and reset our criminal justice system to one that serves and protects all the American People who can prosecute those who injure them regardless of their position. This will re-establish justice in America and make us all equal under the law. Our Courts are

for “Principals” and no “foreign agent” has any right to speak without the consent of one of the American People, it is time for this “Organized Crime” to cease.

Chapter Eleven

“Uniting in a Collective Vote”

Now that the “Organized Crime” of “foreign agents” of the B.A.R. Associations has been exposed, we the American People must unite in a collective effort to remove them all from our “Public Offices”. Our Forefathers knew the British were trying to take control of our Republic and did their job to protect us with the original 13th Amendment. Our Forefathers foreseen the “foreign agents” of England conspiring to destroy the United States of America, sow division amongst the American People and eventually regain control of North America for the British. I believe this to be an “organized criminal conspiracy” done with malice, intent and knowledge that has been in operation in America for well over two centuries. We the American People must put away all the hate, anger and mistrust generated to divide us and unite in a common goal to take back our Nation. All of those who hate America and talk to divide us must be seen in their true light, allowed to leave and go elsewhere to spout their hate. I believe the vast majority of the American People are good honest people who want nothing more than to live their lives in peace. The major problem in America is we all have different cultures, different values, and different understandings based upon our personal life experience. By not communicating with each other we are stereotyping others by the color of their skin, how they dress or look and not allowing them the benefit of the doubt as to their character.

While in prison I learned to communicate with all my fellow prisoners, some were just plain stupid many of which were white, many were very intelligent among them were blacks. What I learned is when you treat people with respect, they respect you in return. The guy who slept next to me was a Muslim and he made sure I had all I needed while on commissary restriction. We had many talks, I was very curious about his religion of which I knew nothing about, I found him to be an honorable man and more intelligent than most. When I was in Big Spring camp

there was a big black man with gold teeth, all tattooed up, gang banger who looked very threatening. At first I was afraid of him, but then we started talking and I learned we shared many of the same views. I learned to express my views and remain true to myself, but allow others their point of view as well. I learned to disagree without being disagreeable. Of course there are many in prison, who are “racists”, blacks who hate whites, whites who hate blacks, but I found the vast majority to be good honest people who are just trying to make it in this world just like me. We the American People have been brainwashed to distrust others based upon race, rather than judge an individual by their conduct. I don’t care how rich they are or what kind of fame they have achieved, like LeBron James he spouts his racist bullshit all the time but takes no action to change his view. He is stuck on stupid in my opinion. He was given the opportunity to remove his beliefs that Trump is a “racist”, but chose to live in his hate of the white man and use his platform to spout hate. When whites start condemning whites for their racist views and blacks start condemning blacks for theirs racists will be silenced by the majority who refuse to support their racist positions. Racism is alive in all walks of life in America, like Congress where the “Congressional Black Caucus”, led by Congressman like Cory Booker and Maxine Waters spout their hate based upon racist views are given a platform to keep Americans divided. As long as it is allowed for blacks to be racists and whites to be racists then racism will be present in America. These racist views will always be present among the few but those of us in the majority can call out those individuals and stand upon the principles our Nation was founded upon that all men are created equal and endowed by their Creator with certain unalienable rights among these are life, liberty and the pursuit of happiness. When we the American People live by the principle upon which we were founded then we will be a model to the rest of the world that we can live together in peace and harmony. I dream of a day all Americans can stand united in the belief we can make a difference in our world.

The American People must come to understand who the Democrats really are and what they are trying to implement in the United States of America. Democrats are promoting socialist programs such as State Run Health Care, free College, etc... But this is not new. Democrats are quick to say Trump is a “White Nationalist” and “Racists”, but in fact these are the beliefs of Democrats. The Democrats call

Trump a “Nazi” but in truth Hitler used the Socialist Agenda of American Democrats for his manifesto and patterned his Third Reich. Democrats are blindly following those who desire power, these supporters have become the political pawns working to destroy America and allow Democrats to rise in power to control the lives of the American People. The true racists in America are the Democrats who were, in the past, the party of “slave owners”, founders of the Ku Klux Klan, and the Creators of Democratic Socialism that is being expanded around the world to allow “Dictators” to raise in power. This is not hate speech, it is historical fact as clearly presented in the “Death of a Nation” by Dinesh D’Souza and Gerald R. Molen. Every Democrat should know just what they are supporting and promoting, and educate themselves about the true battle of good and evil going on in the United States of America. Democrats and those who support them are using the “ignorance” of the American People as a tool to expand their power and force their socialist views upon all of us. I challenge all Democrats to examine truth and see for themselves if the Democratic Party is truly acting in their best interests. I am a “Nationalist”, I believe in America first and all the American People are equal under our law. I strongly disagree with the “Globalist Agenda” of “Socialism” because it allows those in power to enforce their selfish views upon the rest of us. I say, “Stop being a puppet and start understanding the true character of those you are supporting.” With knowledge comes the ability of all Americans to unite in a common understanding that we are all on the same side wanting a better America for us all.

Chapter Twelve

“Congress”

Most of the laws created by Congress are made to benefit “foreign agents” of the B.A.R. Associations. Many of the problems of our Nation can be solved but Congress prefers the blame game of politics. During the Obama Administration the Republicans obstructed all efforts to fix these problems. Now during the Trump Administration the Democrats are obstructing the efforts to fix these problems. The end result is the American People are being denied the solutions to our problems by our government. All these career politicians who are making a living off the

American tax payers by refusing to do their jobs, Mitch McConnell, Nancy Pelosi, and Chuck Schumer, on both sides of the isle need to be retired and replaced with individuals who have the interests of the American People at heart. When we the American People decide that any politician who refuses to do their job are removed from the “Public Office” in the next election, then the deadlock of Congress will cease. Why should we the American People pay politicians for not doing their job? In no other job in America are employees paid to not perform their job. This lack of performance is not limited to our Federal government it is present in all government offices. When dealing with the American People “public servants” of government act like it is a burden to do the job for which they are being paid. Maybe if they spent some time unemployed they would come to believe they are required to work for a living. As employers we the American People have the right to demand service of our employees in government. Because our government has become unionized it allows lazy people to retain good jobs and not have to perform their assigned function. The laws created by Congress are not for the American People, it is for government employees, consider the following:

“All codes, rules and regulations are for government authorities only, not human/Creators in accordance with God’s laws. All codes, rules and regulations are unconstitutional and lacking due process....” *Rodriques v. Ray Donovan* (U.S. Department of Labor) 796 F.2d 1344, 1348 (1985)

Need for Accountability:

As long as we the American People accept the bad service of our government, it will continue. There needs to be a hotline created that allows complaints against government officials to be made and examined for disciplinary action. For far too long government has acted as our “Masters” and refused to show the respect we deserve as members of the body politic of “We the People”. If these public servants are doing it to one, chances are they are acting the same way to others. When accountability of government officials is established the quality of service will increase because public servants will know they can be fired and replaced. Only when the American People refuse to accept bad service from our government employees will the quality of service of government will increase. Whether, judge,

clerk, secretary, Representative, Senator or any other public servant, all should be held accountable for their conduct in our “Public Offices”.

Term Limits:

We have all suffered the effects of career government officials who believe they cannot be held accountable to the American People who they are employed by as “Public Servants”. There should be no retirement plan for public officials, all should be limited to the same “term limits” as our “President”. These career politicians and judges most “foreign agents” of the B.A.R. Associations should not be allowed to live their lives on the tax payers’ dime.

IRS Audit

Every member of Congress, both Representatives and Senators, should be audited by the IRS every year to show who is paying them under the table. Nancy Pelosi makes about \$200,000 per year and it is rumored she is worth about \$19,000,000. Am I the only one who finds this suspicious? It is time we stopped foreign governments and corporations from buying votes in our government. All members of Congress are elected to represent the interests of the American People, not be hacks for private interests groups that manipulate our government for their profit. When our public servants can be paid by foreign government and corporations to vote for their interests, then the interests of the American People are being abandoned for the profit of politicians. Anyone who lobbies our government should be charged with “Disloyalty and asserting the right to strike against government” 18 U.S.C. 1918. Any foreign government or corporation who lobbies our government should be investigated by the FBI and the public servant audited to see what benefit they have received in “Conspiracy”. It is time the interests of the American People were put front and center and the criminal acts of our government were made public for all to see their true character.

Drug Testing:

Every member of the House of Representatives and Senators should be drug tested every month and the results made public. The hypocrites of government who make imposter laws that says what we can or cannot do with our bodies are mouth pieces for Doctors who are incompetent in their ability to cure our health problems.

Doctors treat the symptoms of our health problems not cure the cause of our ailments. I am an herbalist and do not take the pills of Doctors, 99% of which is needed and 1% cause the need for some other medication. Of course our government officials are lobbied to protect the profits of Pharmaceutical Companies and insure the monopoly is maintained. Cory Booker is a great example of this type of politician.

Judges:

Once appointed to the “Public Office” of “Judge” these “foreign agents” of the B.A.R. Associations are assured salary for life at tax payers’ expense. Judges have come to believe they are the law and have refused to perform in accordance with their “Oath of Office”. These judges are mentally diminished and refuse that which our Constitution guarantees to all the American People, they believe they can act in a bias and prejudicial manner and not be held accountable for their conduct. Like in my case, the challenge of “jurisdiction” was denied by District Judge Gary A. Fenner and the 8th Circuit Court of Appeals ignored the law presented and ruled the challenge of jurisdiction was frivolous. Of course the Clerk of the Supreme Court then dismisses my Cert and allowed the criminal conduct of the lower courts to continue unlawful imprisonment. It was not their liberty that was taken, so they don’t care, the American People have no recourse for the redress of grievances required by the 1st Amendment. It is just one more case of injustice added to the hundreds of thousands created by “foreign agents” of the B.A.R. Associations. As long as the United States Supreme Court allows Constitutional Rights Violations to stand in opposition of our law, we will never be able to trust our government. Any case presented to the United States Supreme Court of a violation of our Constitution is a miscarriage of justice and a willful neglect of duty by every “Justice” of our “Supreme Court”.

Questions for John G. Roberts, Jr., Chief Justice:

1. What authority does the Supreme Court have to dismiss Constitutional Rights Violations?
2. Isn’t it the responsibility of the Supreme Court to correct Constitutional Rights violations by the lower courts?

3. Why is the Supreme Court allowed to pick and chose what cases it will or will not hear?
4. Isn't it the responsibility of the Supreme Court to hear and lawfully determine every case filed by one of the American People?
5. Isn't every American entitled to petition government for the redress of grievances under the 1st Amendment?
6. What are the qualifications that determine which of the American People are allowed protection of law by the Supreme Court?
7. Is the Supreme Court discriminating against the American People by allowing a monopoly of "foreign agents" of the B.A.R. Associations?
8. Isn't denial of review by the United States Supreme Court of a criminal case claiming Constitutional Rights Violations denial of due process of law required by the 5th Amendment?
9. Do the United States Supreme Court Justices have the authority to violate their "Oath of Office" by refusing to uphold the Constitution for the united States?
10. Are the American People denied access to the United States Supreme Court to allow corruption to continue in the lower Courts, State and Federal?
11. Are all the American People entitled to the protections of law established in the Constitution for the united States?
12. Why are the Clerks of the United States Supreme Court allowed to make judicial determinations and dismiss Constitutional Rights Violations?
13. Why won't the Justices of the United States Supreme Court hold judges accountable for their violations of our Constitution for the united States?

As a member of the class of the American People who have petitioned the United States Supreme Court and been denied access, I formally request the United States Supreme Court Chief Justice John G. Roberts, Jr. answer these questions for the American People. I believe every member of the American People have a right to

be heard and give evidence 42 U.S.C. 1981 and are entitled to a lawful determination of the issues presented. I do not believe the United States Supreme Court can lawfully dismiss a grievance, all must be addressed. I believe if the United States Supreme Court can violate our law, then the American People as their employers, should not be held accountable under their law. Either the law if for us all or there is no law at all.

Demand for Investigation and Prosecution:

I demand an investigation of all the cases filed in the name of “Denny Ray Hardin” (and all derivatives) as a “Public Record of Corruption” and criminal prosecution of all those who have “Obstructed Justice”. I believe this to be criminal conduct of “Conspiracy against rights” 18 U.S.C. 241, “Deprivation of rights under color of law” 18 U.S.C. 242 and “Seditious Conspiracy” 18 U.S.C. 2384. It is the personal responsibility of the United States Supreme Court, Chief Justice John G. Roberts, Jr. for the conduct of every employee of the Supreme Court. If he refuses to do his job, perhaps he should be replaced with someone more willing to do their public duty.

Conclusion:

The “foreign agents” of the B.A.R. Associations have created a hostile environment for the American People one where they can take life, liberty and the pursuit of happiness on a whim. The “Probable Cause” requirement of the 5th Amendment, and lawfully required for all warrants, has been abandoned to allow judges tyrannical authority to make up law from the bench. These judges need to be removed from our “public offices” and replaced by those who will uphold our Constitution for the united States. I believe judges and justices should be limited to a 10 year term on the bench and held accountable for all violations of our Constitution. The state of our Courts, as they are today, existed in America in 1776, let’s hope the problem can be corrected by peaceful means and justice restored in America. Justice will only exist when the American People stand united and will accept nothing less.

Chapter Thirteen

“Our Police”

Our police are supposed to be our protectors and the authority we call upon when we are threatened or violated. But our Police have become arrogant assholes that abuse their power and believe they are above the law. Every member of the American People are terrified when they look in their rearview mirror and see those flashing lights. Every great nation throughout history has had some form of law enforcement that terrorized the people. The Romans had soldiers, the British had the red coats, Germany the SS and the Japanese had the samurais. These all have the common trait that they are supposed to be the protectors of the people, but because power corrupts and absolute power corrupts absolutely, every generation has suffered some form of these tyrants. When quotas are required to be met for the revenue of a city or state government, then the people’s protection is reduced by police that are meeting other requirements.

It is very strange, that when a police officer shoots someone, he gets to go before the “Grand Jury” and plead his case. As an inmate I can assure you this is not the standard practice. A very small percentage get to exercise their Constitutional Rights to due process of law to challenge the members of the “Public Grand Jury” or cross examine witnesses before it. The law says this is required, but not for the American People, it is exercised for police who kill without accountability. If the law was followed, 99% of the “Indictments” by “Public Grand Juries” would never be issued. It is really very simple, Rule 3 of the Federal Rules of Criminal Procedure requires an “injured party sign a complaint” that is the “probable cause” for an “Indictment”. Every “Indictment” without this “probable cause” is “fraud upon its face”. Every State has this lawful requirement that is violated by “foreign agents” of the B.A.R. Associations, to protect their interests of generating cases for B.A.R. profit. The interests of “foreign agents” of the B.A.R. Associations have corrupted our system of justice so badly that it no longer acts as the protector of the American People. Our modern system has become a tyrannical system of persecution and terrorism, that fails to provide that which our Constitution guarantees to all the American People. I have studied law since 1990 and I assure you our law is the best in the world, the problem is not the law, it is the “foreign

agents” that have overthrown our government to operate it as their power base to operate “organized crime”. The law is not corrupt, the individuals who are enforcing our law are corrupt.

Conclusion:

We the American People must take back our police from the “foreign agents” of the B.A.R. Associations and restore them as our protectors with honor, integrity and respect. I believe this will be a very simple process it comes down to the enforcement of the law. By making it required that all acts of police must be based upon “probable cause” signed by one of the American People acting as an “injured party”, we can eliminate the power of “foreign agents” of the B.A.R. Associations to manipulate our police to serve their interests. I believe our police are for the most part good honest individuals who are forced to play politics between B.A.R. whores and the American People they are paid to serve and protect. I dream of a day in America when the good people are protected by our police and the bad people are punished, regardless of the title they hold or the money they have to buy justice.

Possible Solutions:

Make every policeperson involved in a shooting stand trial for murder, if a policeperson pulls his gun and kills I believe it is an abuse of power, unless he/she is really defending his/her life or the lives of others. That is for a “jury of peers” to determine, not “foreign agents” of the B.A.R. Associations. It is the police job to catch crooks and the job of crooks to get away. Shooting someone in the back who is running away is not self defense, it is murder. I say let the police be the jury, and let their determination reflect the attitude of the department. I believe 12 policepersons who are trained, educated and experienced in the same dilemma, are best to judge the conduct of their own. If our police are the good honest people that government wants us to believe they are, they will condemn a wrongful shooting and protect those who acted in self defense. Because they know all the procedures and the character of the individual they are better equipped to make a sound judgment. Who is better to judge than them? Of course these trials should be televised for the American People to see the actions of our Courts and the decision

made. The “blue line” of defense of our police must be removed and a strong line of accountability established to protect right and punish wrong.

Chapter Fourteen

“Democracy”

First of all let me say I came from a long line of “Democrats”, but consider myself an “Independent”. I believe Trump is the best choice for our President and my worst mistake was voting for Obama in 2008. He had all the right words about restoring our Constitution and bringing back America, he could talk the talk, but could not walk the walk. The “Democrats” are trying to make us believe they have our best interest at heart, but in reality they are all about power for themselves. I have studied our Constitution and Bill of Rights and no where do they mention the word “democracy” or “democratic”. The United States of America is a “Republic” with a “Republican” form of government. What really surprised me was the “Republican Party” was started by a group of black businessmen wanting a better business environment for the American People. More astonishing is the fact the “Democratic Party” was started by the “KKK”. Under the cloak of secrecy democrats have worked to divide us, among their tools are racism, hatred, social standing, intelligence, religion, and mob mentality. The followers of this cult do the dirty work caused by the leaders who fraudulently claim “clean hands” in the results of their actions.

Mob Rule:

The democrats have created a system of violence and promoted mob rule in America. In the old days if someone cause you to move back, they were considered a threat, you could pull your gun and kill them in self defense. The law of self defense allows you to protect yourself and your property against individuals who believe they can intimidate you and damage your property without accountability. My Bible teaches me if you live by the sword, you will die by the sword. The leadership of the democrats and those paying for protestors are creating a hostile environment that allows violence and threats to become the normal of our society. George Soros, is not an American and should be deported back to his native land

as a threat to the government of the United States of America. When a foreign national can buy violence and pay thugs to intimidate the American People and their representatives, he is not a positive influence in our society. Where are immigration authorities and why are they not investigating this criminal for his crimes against the American People? I guess when you have enough money to buy violence, put democrats in your pocket to promote your interests and own the voting machines that are rigged for your candidates you are above the law and accountability. Americans are patient people but they can only be pushed so far until they stand their ground and take care of the problem. The mob is a very small voice in our society, their elimination would cause no grief to the average American. Obviously they believe they are above the violence they inflict upon others, but I assure them they are not.

ANTIFA:

These outlaws, dawn masks and utilize threats, intimidation and terrorism to scare the American People into conformance with their pretended authority. They are not interested in anything but violence and promote the interests of foreigners to stop the Nationalist Agenda of America. If our FBI did their job, they would arrest these criminals and charge them with terrorism under the “Patriot Act” and protect the American People from their aggressions. When any man dawns a mask and commits acts of violence then he is subject to vigilante justice. The 1st Amendment Right to protest does not give you any right to act violently against the American People or their property. These criminals of ANTIFA and those who direct them are interfering with commerce by threats and violence and should be charged under R.I.C.O. 18 U.S.C. 1951(a)(b)(1)and (2). We are a nation of laws, but if our law enforcement officers will not protect us and our property, then the American People have the right to protect ourselves. Democrats want to sit back and claim they are not responsible, but the American People see the truth and our fingers are pointed at them. The law is clear, “He who fails to deny, admits.”

Black Lives Matter:

There is no American who supports Police killing a black man, armed or unarmed, but the politics have created a racist organization that says if you believe “All lives matter”, then you are a racist. If blacks believe only “Black Lives Matter” then

whites should believe only “White Lives Matter”. Thus the division that democrats are working to achieve has been realized. The problem with “All Lives Matter” is it is a subject we can all agree with without reservation. But in today’s modern world blacks have chosen to separate from the rest of us claiming that all police are against them. Blacks in all walks of life spout all Trump supporters are racists and are against “African Americans”. This phrase says you are on the fence between Africa and America, to whom do you give your loyalty? If you are not an “American”, first and last, why should the rest of us give a damn about you? I am willing to stand with any American against the tyranny of government, but I have no interest in supporting a hate group designed to propel one race above another. When bitchy ass millionaires of the NFL disrespect our flag and those who died in all wars to secure our lives, liberty and freedoms, I have no respect for their opinion on any subject. They want to claim social injustice that allows them to live in mansions and look down their noses at us less fortunate with false claims of empathy for the plights of the down trodden. Perhaps we should become a socialist nation, seize all the assets of these millionaires and redistribute their fortunes among the less fortunate, allowing them to raise their standard of living. Every American has a choice of where they place their loyalties, either with the American People or against us, you can’t claim loyalty to both sides and be an honorable American.

Welfare Democracy:

In today’s modern America, there are many freeloaders, receiving public assistance based upon their inability to support all their children. This system of allowing some to live off taxpayers and contribute nothing to our society, they believe they are entitled to a free ride, this needs to end. Those who really need assistance cannot get it because they are the wrong color. Whites are regularly turned away but almost every black or Mexican who applies gets public aid. It is common knowledge in the ghetto that to get a pay raise all you need to do is have another child. When I go to the store and live on a budget sacrificing desires to remain within our budget and get into the checkout line and see a woman with steaks and many luxuries, I cannot afford, paying with food stamps, I feel disheartened and angry at this policy of our nation. If this public assistance was given to all who needed it without discrimination then I could accept that some are on hard times.

But because it is a system of allowing drug dealers to exchange food stamps for drugs all who receive them should be drug tested every week, with loss of benefits forever if tested positive for drugs. If a woman has a child while on Public assistance she should lose her assistance forever and be forced to work to support her children. If all the abuses of the Welfare system were stopped, maybe those who really need it would get it, and those making a living by this system would become productive citizens. Our Welfare system should only be given to the American People, all these foreigners coming here illegally, getting food stamps, Medicaid and free education for their children, these benefits should cease. All should be required to provide proof of citizenship status, prior to receiving any aid whatsoever. A great example of this is my son in law Jeffrey James McKay who has an incurable disease of “crones”, that keeps him from working and his Medicaid was cancelled during the Obama Administration. Of course he is white and not entitled to assistance that could be cured by surgery. So my daughter slaves to pay all the bills on one income with no public assistance, if he were black he could get thousands a month. He has fought for over six years to get disability and been refused to date, by SSI. This needs to be investigated. Affirmative action has been the downfall of America, it is time America took care of her own and stopped aiding and abetting illegals to live lives of luxury in our nation, while Americans suffer.

Taxation With Out Representation:

As a convicted “Felon”, I like all “Felons” do not have the rights guaranteed by our Constitution. I do not have the right to vote to elect my representative, I am forced to remain silent and allow others to choose for me. I am not allowed to bare arms this is considered another “felony” that would put me back in prison. I am not allowed to take care of my body as I see fit and I am only allowed the pills of quacks who get a kickback for the medication they prescribe. Since my liberty was taken without due process of law, I do not believe I should pay taxes to support a government who fails to serve and protect me. I am not alone in this belief there are more “convicted felons” in America than any other country of the world. In the old days when a man was released from prison, he was given a twenty dollar gold piece, a shotgun and a mule, some were even given 40 acres of land. But when freed their debt to society was paid and they were free to rebuild their lives.

“Foreign agents” of the B.A.R. Associations have created a system that keeps Americans convicted of fraudulent crimes under their control for life. The law says that a penalty of time in prison, a fine or probation can be imposed by a judge in punishment for a crime. “Administrative Law Judges” impose all three in almost every case, this allows for the 87% recidivism of prisoners back to prison. By placing former prisoners on “supervised release” under terms and conditions that are almost impossible to adhere to without violation, all “felons” are subject to the constant threat of return to prison without due process of law. Those who violate the terms, of their probation officer, not BOP policy, are returned to prison without trial, all are guilty based upon the determination of a Probation Officer who works to keep prisons full. This is a vicious cycle that allows those who are supposedly “reformed” to be persecuted, abused, threatened, terrorized, defamed and indoctrinated into the belief our government is lord and master. I ask why are we taxed when we are not allowed to participate in the liberties of the American People? I ask why are we held in debt to society, without an “injured party” for life with no hope of redemption? I am a criminal for life, according to the “foreign agents” of the B.A.R. Association, yet I stand as an American with dignity, pride and honor against those who have violated our law to defame my character.

Conclusion:

We the American People have been duped by “foreign agents” of the B.A.R. Associations who have united in a “conspiracy” called “Democracy”. In the name of “Democracy” our lives, liberty and freedoms are taken in the interests of protecting their authority over the American People. Those willing to declare allegiance are allowed to trespass and violate others without accountability and are given privileges that the rest of us are denied. The new “mob mentality” of the democrats is just an escalation of the policy of intimidation, threats, terrorism and discrimination against those who refuse to accept their point of view. Like the ACLU, democrats will champion any cause that has numbers no matter how repugnant to the values of the American People. The Obama Administration made the rest of the American People support the LGBT community in their cause to allow these individuals to wave their sexuality in front of the rest of us and force us to accept their right to go against God and the laws of nature. There are two sexes, male and female, those disturbed individuals who refuse to accept their gender are

in need of counseling, obviously they are conflicted. It is a scientific fact the male produces the sex of the child and the female produces the child. Democrats want us to believe all science in their favor and reject that which is scientific fact. Democracy is a failure throughout the world, like Socialism it is a false narrative that spreads hate, fear and division among the people. Democrats, like their founders the KKK, spout unity while sowing division. As long as there are democrats there will be chaos, because they are forced to operate a system that is unconstitutional and unpopular with the majority of the American People. This is the reason they want open borders to allow illegals to vote for them, they have lost their base in American by refusing to support the beliefs of common decency amongst the American People. Their “Globalist” agenda has failed in America and is being rejected around the world, but they believe they are always right and the rest of us are wrong. The foundation of the democrats was best illustrated by Heidi Heitkamp when discussing her vote for Supreme Court Justice when she said she knows better than the people of her State who wanted him nominated. The Democratic Party has been exposed as the hypocrites they are and the American People should no longer allow them our support or the ability to speak on our behalf. I support the right to choose for every one of the American People and reject the democratic position illegals should be allowed to vote in our elections.

Chapter Fifteen

“In God We Trust”

Those who have abandoned God want the rest of us to join in their rebellion against our Creator. Our Forefathers, were God fearing men who established the foundation of the United States of America on the principle of “In God We Trust”. They also believed in the “Right of Freedom of Religion” that allows all to worship God in their own way. These values have been criticized by those who have other beliefs and choose to follow the beliefs of separation. Muslims believe those who do not follow Allah are infidels and can be killed without any moral trespass. God through Jesus Christ teaches us thou shall not kill, man’s laws allows justification for violation of God’s law. For example abortion, the killing of children is acceptable under mans’ law, but is a violation of God’s law. Politicians

will support abortion and condemn Trump for separating children from their criminal parents at our borders. Of course the children were well cared for in facilities designed for their care, but the media utilized the optics of the situation to claim Trump supports separation of families. The deep state works, through leaking false narratives to the media, are hindering the enforcement of man's laws designed to protect the American People from the criminal actions of illegals that have no rights in our nation. Media has created the false narrative illegals are just families wanting a better life, if that were true, they would come to our country within the laws established for immigration. Gang bangers, smugglers and traffickers who engage in their criminal activity are allowed favorable reputations by the fake news media, while our President is condemned for trying to do right to protect the American People. The media is really not interested in the separation of children from their families or they would be investigating the conduct of "Child Protective Services" that take children from their families and put them in foster homes where they are abused mentally, physically and sexually at taxpayers' expense. Those of the media are filled with self righteous indignation that they know what is right and wrong for the American People, but they are delusional in their beliefs they are supported by the majority of the American People. God has allowed the state of affairs in America by allowing us freedom of choice, but we will all be judged by our Creator for the decisions we made. I choose to believe in God and try to live my life within the morals, ethics and principles of his teachings. I know I am a sinner and hope I will receive God's grace on my judgment day. The movie "God's Not Dead II" said it best for me. "I would prefer to stand with God and be judged by man, than stand with man and be judged by God."

The American People are mostly good honest people, minus the few who choose to live their lives forcing others to accept their lack of morals, ethics and principles. I am not a church going man, my relationship with God is personal and I do not need the ceremony of a church service to communicate with my Creator. I have learned throughout my life that many so-called Christians go to church on Sunday and screw their fellow man the rest of the week. In prison I watched Joel Osteen on Sunday morning and found his teachings universally acceptable to the other inmates. We each share the "Right to Freedom of Religion" that was preserved for us in the 1st Amendment of our Constitution. But do you know why it was put

there? Our history is a great thing filled with both good and bad. Consider the following:

In the 1600s, in the Colonies of America, there was a law called the “Chronicle Law” that said all settlers were required to worship in the “Church of England” under pain of death should you refuse. Only the preachers knew the Bible and the people were forced to accept their determination of what was right and what was wrong. In 1611, the King James Version was translated into English and those who could read, could study and learn for themselves. Of course as today, government used religion to keep the people under control. In the late 1600s William Penn, was attending the “Church of England” and stood up and said “I want to worship God in my own way.” The Priest said arrest that man for violation of the “Chronicle Law”, so William Penn was arrested and taken to the stockade. When the Judge arrived he selected a jury and convened Court. The Judge questioned William Penn about his statement that he wanted to worship God in his own way. William Penn answer the question openly and honestly stating he just wanted to worship God in his own manner. The Judge told the jury, you see he has violated the “Chronicle Law” he is guilty by his own admission here before you. The Judge instructed the jury you must find him guilty and hang him. The jury was sent to deliberate and returned the verdict of not guilty. Three of the jurors agreed with William Penn that he should be allowed to worship God in his own way. The Judge was so mad he arrested the three jurors and had them sent to prison for their refusal to find William Penn guilty. In prison the jurors, who were well respected men of that era were beaten, starved, pissed on and defecated on by the guards. For three months, these jurors suffered great torment, but remained true to their beliefs that William Penn should be allowed to worship God in his own way. A man well educated in the law, filed the first “Writ of Habeas Corpus” in America for the release of these jurors. They were released. William Penn went on to found the “Pennsylvania Quakers” and built “Constitution Hall” where in 1776 the “Constitution for the united States” would be penned. When our Forefathers, set out to create the Constitution they remembered the story of William Penn and made the 1st Amendment of our “Bill of Rights” the “Freedom of Religion”, the privilege of “Habeas Corpus” and the “Right to jury of peers” were also attributed to William Penn who died in 1718, long before the “American Revolutionary War”.

Many have suffered to gain the liberty and freedoms we take for granted and that are denied to us by “foreign agents” of the B.A.R. Associations. The flag is the symbol of all things good and bad that has brought about the United States of America. I choose to believe in God and have a personal relationship with my Creator. I am Native American in my morals, ethics and principles of life who view God as the “Great Mystery” because no-one really understands “God”. Unlike Elisabeth Warren I seek no benefit of my heritage other than the knowledge that I come from a great line of Americans who were instrumental in the foundation of our Nation. My favorite saying is, “God has a plan and everything is on schedule.” I thank God for all my unanswered prayers, because God’s plan for me is far better than anything I could create. I accept all the good and all the bad of my life as in God’s plan and everything happens for a reason, even when I don’t understand it or like it. God’s got this!

Chapter Sixteen

“Supreme Court Process”

In our modern world, there are many miscarriages of justice, by the State and Federal Courts who refuse to honor that which the law establishes. The appeal process is no help whatsoever because those “Administrative Law Judges” are just as corrupt and protect the crimes of the lower courts. Based upon our system of justice the United States Supreme Court is the final authority to correct the wrongs of the past, but because the Clerks run interference and block cases to protect corruption, the American People have long been denied that which our law guarantees. By the separation of church and state, the obligation of our “Judges” to provide “Just Judgments” has been abandoned and tyranny has been established as the normal in our Courts. The Despots of our government have created a deep state that threatens our way of life and has sown division among the American People. When our Courts are no longer serving our interest, we have the right under our “Declaration of Independence” to throw off these guards and establish new guards to protect the American People. But as long as these “foreign agents” can maintain control of our Courts, these Courts will always be “Courts of Impossibility”. “Courts of Impossibility” are “outlawed” in the United States of America, where

there must always be “remedy” to every wrong, violation or trespass against one of the American People. “Justice” demands “Remedy”, but because of the lack of accountability of “foreign agents” of the B.A.R. Associations, they are allowed to operate “Organized Crime” without fear of accountability. When the Clerks of our Supreme Court can “Obstruct Justice” and deny the American People access to the highest Court of our land, then I say “justice” has died in the United States of America. Illegals get more “due process of law”, without any Constitutional Rights, than the American People who are guaranteed all rights, privileges and immunities in our Courts. I believe this to be an “Organized Crime Syndicate” acting with malice, intent and knowledge to cause “rebellion” of the American People against the government of the United States of America. Of course England is just waiting in the wings, so they can reclaim America from the American People. During the American Revolution all “Tories” (those loyal to England) were hung, if democrats establish “Mob Rule” the ugliness of our past could be brought back. Either we are a nation of law and order or we will revert back to a nation of vigilante justice. Be careful what you ask for.

First of all let me state for the record, I am a pacifist and do not believe in violence under any circumstances. I wrote the above at 6:00am on the 24th of October and got home to hear about the bombs being sent to democratic leaders. Isn't it ironic that democrats are promoting violence against their political opponents and now violence has come home to roost. While I do not condone violence there are many of our society that believe we are at a point where violence is the only answer. Democrats want to project they are the victims, but I believe they are the creators of this state of affairs, they now want civility. Isn't it convenient that the Democrats who have no policy, but desire power over the American People are now touched by the system they have created. The people who received these bombs are those who have sowed division amongst the American People and now act like they are surprised that the same tactics can be utilized against them. I fight for justice by words based on morals, ethics and principles that are supposed to be the foundation of our Nation. Democrats has abandoned civility and become a “Mob” to threaten, intimidate and terrorize those who do not share their beliefs. Perhaps now the Democrats will see the need to serve and protect the American People. Since the Clintons have an 8 foot wall around their house, perhaps it

should be torn down, because a wall does not keep people out. Hypocrites are now being seen in their true light, I for one have no sympathy, for the Democrats false claims of victimization.

Of course, the Democrats are now blaming the President for the attacks upon them, because he spouts the truth of their conduct. Maxine Waters calls for creating a mob and tell any member of Trump's cabinet they are not welcome anywhere in America. Obama claims Trump is getting credit for his economic success, it was he who created the current economic state in our nation, but the other Democrats are spouting the economy is in terrible shape and the tax cuts are not working. Funny many see more money on their paychecks. One percent Joe Biden claims that the dignity of the American People is being destroyed, but I see the American People becoming proud of our Nation and believe Trump is restoring the reputation that was diminished by Obama and Biden. Funny thing about these so called bombs, they claim they were mailed through the post office, but looking at the packages I notice the stamps are not cancelled, to mail a piece of pipe six stamps would not even come close to being enough. I believe this to be a false flag of the democrats to claim Trump is promoting violence, when in fact it is democrats who are sowing division among the American People in the hopes of regaining power. I believe it is time we did away with both Republican and Democratic Parties, establish one all inclusive party "America's Republic Party" and removed the interests that are buying our politicians. Bribery is a crime and those giving money to politicians for their vote in their interest explains the deadlock of our Congress. The IRS should audit every member of Congress, their campaigns to see who is in whose pocket and make their findings public.

The laws of our Nation have become detrimental to the American People. When the United States Supreme Court can dismiss the Constitution for the united States and ignore the violations that have occurred, are they acting within their "Oath of Office" or are they playing politics with the law? Justice Ginsburg has come out against the Trump Administration and showed her bias and should recuse herself from all cases involving the Administration. Chief Justice Roberts rule "Obama Care" was a tax and allowed to withstand lawful challenge to increase profits of the Insurance companies. Wonder if he was paid for his vote? Perhaps an IRS audit is in order to find out. It is clear the United States Supreme Court is justifying

the criminal acts of government and allowing violation of the American People under the color of law. If this Supreme Court will not honor past decisions of the Supreme Court, then our law has become like a leaf blowing in the wind, it follows the trends of the times. The law is supposed to be founded in morals, ethics and principles but today it is founded in lies, deception and misrepresentation. Perhaps a new system of justice, one without “foreign agents” of the B.A.R. Associations, should be considered. The Roman system of fines and imprisonment for crimes does not seem to be working for the American People. Time will tell if this will change to a system more founded in protection of the rights, privileges and immunities of the American People, or like all tyrannical governments of the past it will fail.

Chapter Seventeen

“Health Care”

The politics of Health Care have become a great talking point for the Democrats who spread fear and hate for the Republicans because they refuse to keep paying to subsidize “Obama Care”. Of course this would not exist without the late night vote of the turncoat Senator John McCain. As long as doctors are paid to prescribe medications, the American People will be prescribed drugs they do not need for the profit of Doctors (legalized Drug Dealers). The medical needs of the American People should never be an issue of debate, it should be a problem addressed and a solution implemented that takes care of the needs of all the American People. Today all the illegals are given “Medicaid” at taxpayers’ expense and democrats are wanting “Medicaid” for all Americans. I have experienced “National Health Care” in my life, when I lived in Japan. Everyone pays a small fee for Health Care and can get any services they need from any Doctor or Dentist. The Doctors and Dentist, in America, hate this system because there is a set fee for the services they offer. The Doctors are not allowed to charge insurance companies different charges for the same service, all must charge the same. This takes away the profits of those Doctors who charge those insured a high rate and the average a lower price. Insurance fraud is running rampant in American and I believe Democrats are being paid to keep the Doctors in power over the Health Care decisions of the American People. Insurance premiums are raising at an astounding rate and many are getting

rich by forcing the American People to buy insurance that does not serve their needs. Deductibles are imposed to make sure the patient cannot afford the services and only those who have plenty can get good health care in America. I'll bet there are no deductible for the members of Congress, who receive Health Care at taxpayers' expense. Perhaps the Health Care for politicians should be abolished and they be forced to compete for Health Care like the rest of us. But of course Politicians believe they are special and deserve the best money can buy without performing the job of providing for taxpayers who support their lifestyle. I believe all privileges of Congress, including pay, should cease until they start doing the job for which they were elected.

Chapter Eighteen

“Nationalist vs Globalist”

The Obama Administration was a want to be world leader, but was a failure in all his efforts to establish a “Globalist” agenda. Obama began his presidency with an apology tour that he bowed before world leaders in an attempt at acceptance among them. Yet he was never accepted because he lacked the one quality necessary to be a “world leader”, that is integrity. Obama will go down in history as the worst choice of the American People as their “President”. In 2008, I voted for Obama because he spouted restoration of our Constitution and restoration of justice in America. Obama could talk the talk, but could not walk the walk. Obama viewed his position as “President” as a means to live as an “elite” on the taxpayers' dime. One can fool some of the people some of the time, but one cannot fool all the people all the time. Obama was not attacked as the Muslim racist he is by the liberal media who condoned his attempt to regulate the American People through “Executive Orders” many of which have been overturned by the current administration. I believe Obama was bought and paid for by many special interests that allowed him, to act as Hillary Clinton, and sell his office to the highest bidder. This is evident by the fact, his salary was about \$400,000 per year, but he left office with a net worth of millions. What did he do to gain these millions? As a black man, Obama was given the opportunity to help his people, but the black man suffered greatly during his administration. The Obama Administration operated the

“Globalist” system of government whereby the leaders live lives of luxury while the average suffer to survive on a daily bases. Democrats want “Public Office” not to help the American People but to be a leader living the life of luxury and power to sell out America for their profit. Obama and his democratic party was the best government money could buy. This needs to be investigated.

On the other hand, Trump became President to clean up the swamp of corrupt government, and restore the integrity of America. This “Nationalist” view of the Trump Administration has been attacked on a daily bases by the liberal media that has been 91% negative in their reporting of the accomplishments of Trump. Because Trump has kept his campaign promises to bring back our industries, restore America as the “World Leader” and operate a “Nationalist” agenda, Democrats have lost their ability to sell out America for their personal profit. Trump did not have to bow to world leaders he challenged them to pay their part in their defense. The difference between Trump and Obama is Trump is not for sale, he is “President” to bring back our standing in the world and protect the interests of the American People. The deep state has created the fake news that Trump used the Russians to gain the office of President, the Russians did not elect Trump, the American People did. The Senate Judiciary Committee on the confirmation process of the Supreme Court Justice, showed the true character of the deep state, stop the Trump Administration by any means necessary. But it is all in God’s Plan for our Nation, the Republicans learned they can fight back against the Democrats and their supporters of the Fake News Media and win with the confirmation of their nominee. This lesson will serve them well in all future debates of the issues that need to be addressed. Trump has integrity, whether you like him or not, you have to respect that he is a man of his word. He does what he says he is going to do, and unlike Obama he does not have to brag about his power, he wields it as necessary to promote his “Nationalist” agenda. This has destroyed the Democrats ability to get their pay from foreign states to carry out agendas against the American People. Day by day the swamp is being drained, it took many years to create the corruption of our government, in just two short years Trump has done more to correct the problem than anyone thought possible.

The Democrats only have the message of hate to gain followers of their party. They fraudulently claim at every turn that Trump is a “racist”, that he is a

“homophobic”, but in reality he is President of all the America People. Trump is doing all he can to help all the American People and his actions are gaining support amongst the minorities. Of course there will always be the “Globalist” who hate Trump because he does not support throwing them money for their personal gain under the false flag of climate change. I agree whole heartedly, with Trump, that foreign aid should be based upon the actions of those governments to serve the interest of America, if they don’t support us why should we support them? Trump has done more for the American People in the last two years, than the last three Presidential Administrations. Trump has the support of the American People and the leaders of those failing foreign states hate him because he cannot be bought, threatened or coerced into doing their bidding, unlike Obama that changed his view when it benefited him. A “Globalist” view is a selfish view that allows government officials to profit from selling out the American People, the Obama and Clinton Administrations were great examples of this process. I am a “Nationalist”, I believe in the “America First” agenda of Trump. I ask why aren’t you a Nationalist? Whose interests are you promoting if not the American People? Maybe you should take a long look in the mirror and see if the person you have become is the best you can be. We can all grow together into a nation of morals, ethics and principles, one nation under God, indivisible with liberty and justice for all. I say, we put away hate and become a nation united in the belief that we all have value and can help others to achieve their goals. The Beatles said it best, “All you need is love”. The first step of love, is loving yourself. You must learn we are all sinners and we can all change into someone we love, trust and respect. No matter how bad we once were we can change into an honorable person that can make a difference in our world.

Chapter Nineteen

“The Blame Game”

With the recent bomb threats against leading Democrats, the FAKE News Network s (CNN, MSNBC, CBS, ABC, NBC, the liberal media) have been pointing a finger at Trump claiming he is responsible because he verbally attacks them and candidates they help defraud the American People. The Fake News

media have been reporting the attacks upon Republicans of the Trump Administration and condoning these acts of terrorism to establish a hostile environment in the United States of America. The reason the Fake News networks hate Trump so much is because he has a following on Twitter larger than their viewership and has created direct access to the American People. With all their money they cannot stop Trump from winning the election and hate he is being successful in his efforts to restore America to her once role as the “World’s Leader”. With every success, the possibility of a Democrat regaining the White House dwindles and the support for Trump expands. The Democrats are the party of ignorance, because they believe the American People are stupid enough to believe all they say and are hanging on their every word. Their desire for power has made them delusional in their beliefs they are all knowing. Democrats believe because they hold a “Public Office” they should be respected and worshiped by the American People. I agree with Trump, in the United States of America we worship God, not government. The support for the Democratic Party is failing because the American People are seeing the truth of what Trump is pointing out about them. Trump can draw 100,000 RSVPs, while Obama gets 2,000, Biden got 193 and Clinton is charging \$700 per person to see her, only a fool would pay to listen to the “Never was”. But the American People are seeing the Democrats in their true light and should thank Trump for exposing the Fake News media and the lies they spread every day. It is really quite simple, Trump is the leader of the “winners” and the Democrats are the party of losers. Who among them have a vision that the American People will believe enough to vote for them as President? All these losers have is their ability to promote hate of Trump, they have nothing positive to offer the American People. The American People have lost enough, it is time we rebuilt our Nation on the morals, ethics and principles upon which our Nation was founded. The Fake News media have been very successful in convincing some that Trump is the root of all evil, but with every attack they lose their credibility and prove Trump right in his assessment of their motives.

Chapter Twenty

“Hate and Anger”

There is a lot of hate and anger amongst the American People and I must admit for years I allowed myself to participate in this self destructive practice. I hated our government and spouted my hate freely to all who would listen. This made me a very angry man, one ready to fight injustice at every turn. I know the conduct of government officials were violations of our law, but every effort at accountability was struck down and fruitless. Most faced with this dilemma would give up and accept defeat. My problem is my Mother raised me to know right from wrong and stand on the morals, ethics and principles that govern these beliefs. For years I stood alone against these criminals within our government and sacrificed my quality of life to oppose the powers that be. I lived my life every day raising hell against the corrupt establishment this led me to a self destructive mentality that justified a two year crack addiction where I begged, borrowed and stole to satisfy my desire not to feel anymore. I was living, or more like existing, in my Mother's basement and hated every day of my life, but worse I hated the man I saw in the mirror because he was a failure.

One day, I looked up and asked God, "I have tried everything in my power to kill myself, but you have chosen to keep me here. Please show me why." That day I went into drug rehab weighing 87 pounds, the Doctor told me if I had stayed out another week I would have been dead. I walked out of rehab knowing I was a survivor and had defeated the most addictive drug of that time, crack cocaine. I started liking me again. I stopped looking back and started living each day to the best of my ability. Granted they were not all good but the bad were handled differently. For years I had lived dead inside not caring about anything or anybody. Slowly I began to feel again, it was such a blessing to feel happy and sad, to feel good and some days bad.

About this time, Virginia a friend of my Mother's, husband died. He had a rental property that was in disrepair and Virginia gave it to me with the understanding, if I live in it I owed her nothing, if I fixed it up and sold it I would pay her \$5,000. I had been blessed by God, with something I had been struggling with for years, to have a home of my own. I still live in this house to this day. Shortly after getting the house livable, it was the crack house of the block with windows broke out, holes in the walls and was dirty beyond belief. It was a duplex with a two bedroom down stairs and a studio up stairs, with an outside entrance, I tore down the outside

staircase and built one inside changing it into a three bedroom two bath house. My Mother had been hounding me to go back to school, I told her I could not afford to go to school. She told me if I went back to school she would pay all my bills while I was in school. My Mother knew me better than I knew myself, she knew I was smart but dropping out of school at 16 had left me with a sense of being a loser. I went to Longview Community College on a Pell Grant and studied “Drafting and Engineering Design Technology” for two years I averaged a 3.9 GPA made “Phi Theta Kappa” and the National Dean’s List for the year 2000. One class stands out in my memory. I took “State and Local Government”, the Professor and I went round and round because he was teaching government as it was supposed to be and I was showing how it really is. I called him the Professor of fantasy land, he got so mad he stormed out of the classroom. All the youngsters were laughing and I silenced them with the following statement, “ This Professor is a very knowledgeable man who is teaching you how our government is supposed to be, if you do not know how it is supposed to be, you will not know when it is doing wrong. You give this man respect because he is teaching you what every American should know.” From that day on the students had a profound interest in what the Professor had to say. Of course I got an “A” in the class and a better understanding of our government. At the end of my two years I was told I had finished my technical courses and needed 10 units of electives to get my Associates of Applied Sciences.

But I was done with school and a position at Ford Motor Company had become possible so I applied and got the job. The indoctrination was very interesting, Ford was attempting to incorporate “Japanese Management Style” something I had studied for five years while I lived in Tokyo, Japan. All American corporate management are quick to make decisions and slow to put them in effect. For example, in America a President of a Corporation makes a decision and sends it down the chain of command for implementation. Millions are spent trying to achieve the directive and it is found either feasible or not feasible over time. This is a classic joke amongst the Japanese that American Corporate Presidents believe they control their companies. In Japan when a President wants to do something he gives it to the janitor who walks around to all the departments discussing the President’s idea and asking what would need to be done to achieve it. An inquiry is

made in every department and all have the ability to alter or change the idea to meet requirements. Then the janitor goes back to the President with all the information about changes, cost of implementation and the feasibility of the idea, for the President to make a decision. If the President decides to go ahead, everyone knows what needs to be done and can implement it immediately. The Japanese President wasted nothing learning if his idea would work, while the American President wastes millions trying to make something work that is not feasible. This is why Japanese Management theory failed at Ford Motor Company. In Japan the corporate structure places the President at the bottom and his job is to support everyone in the performance of their job. In America the corporate structure places the President at the top and shit travels downhill. I gave Ford Motor Company 2 years, 12 hours a day Monday through Friday and 9 hours Saturday mandatory. I gave my two weeks notice and quit because that \$1,800 paycheck a week was not worth my life. 80% of the employees at Ford are divorced, because they have so little time with their families and when they do they are so tired from working they just eat, shower and sleep. Again the difference between Japanese and American corporations, Japanese take care of their workers and make sure they have a quality life, Americans' drive their workers into the ground with quotes like, "You ought to be thankful to have this job. You could be replaced anytime." I led the line doing over 600 units in a shift. I heard it took two to replace me.

After I quit Ford Motor Company, I went back to carpentry that had been my fall back trade for most of my life. God blessed me with wife number three and I became content, until she went back to her first love and I was devastated. So I got on the internet and started looking for my soul mate. I talked via internet with many and went to dinner with many all were great but not special. I was looking for the rocking chair, the woman I was going to grow old with, God blessed me with Melinda. From our first meeting there was no question in my mind that she was the one. Of course, we had both been hurt and put through hell in our lives so just the comfort of knowing she is there has given me strength and peace of mind in my chaotic life. I believe it is God's grace that brought Melinda into my life and allowed me peace of mind for the first time in my life. Melinda and I both tried to make it work with others but somehow we were just never good enough for them. But we found we were perfect for each other, we share the same values, the same

commitment to each other and no matter what comes we stand side by side in the belief, “God has a plan and everything is on schedule.” Melinda and I have only had one argument I can remember in our 13 years together. When we first got together our money was tight so I (typical male) started snapping at her, she stood up to her four foot eleven and three quarters stuck her finger in my face and said, ”If we have it we have it, if we don’t we don’t, that’s just the way it is. I don’t take it out on you don’t you take it out on me. I said “Yes, mam.” and that ended the conflict and we have had no other to my knowledge. I learned early I could not argue with right. Melinda fights with morals, ethics and principles I cannot win a fight with these things I live by. I would be fighting against my own interests. I learned when Melinda speaks I listen, I respect her opinion, while I don’t always agree (a man thing) we come to a compromise on issues of disagreement. I finally learned what love really is, it is trust and respect for your partner. I respect Melinda because I know she has our (hers and mine) best interests at heart. I trust her because her track record with me has shown me she is always two steps ahead of me for anything that needs to be done. Melinda is smarter than me, and I am so grateful to God that he planted love in her heart for me. I would be lost without my girl, and she knows it, so there is no conflict between us, she is the “Matriarch” and I am the “King”, who is on top is a constant source of amusement. In the end, we both always win, with each other. Melinda’s presents in my life changed my attitude toward life from “raising hell” to “bring peace”, this allows me to accept all things are meant to be in God’s plan and when one believes in his power things just seem to fall in place.

In September of 2009, Melinda and I were separated, we stood outside the Courthouse of Jackson County, Missouri, where many of my friends joined hands and I said a prayer. I asked, “My Heavenly Father, please let the truth be known. In Jesus name I pray, Amen.” Thus began the journey of 9 years through the corruption of our society, the treason of our courts and the knowledge of my fellow man who are incarcerated. I learned much during this walk through our criminal justice system, and Melinda learned much about our lawful status. Because my mail was obstructed by the BOP, my phones were monitored and emails utilized by SIS to attack me, I have not yet had the opportunity to share thoughts with Melinda or her with me. So what we have learned together will not be a part of this book,

that will be a co-authored book that comes next. It should be very interesting once we can combine our knowledge and put it all together. This book is just setting the stage for things to come we will get around to it for sure. The foundation of this book will be truth presented in the hope it will protect all our children and grand children for generations to come against the conspiracies of “foreign agents” of the B.A.R. Associations, so none of the American People ever have to fear these criminals again. Of course, “foreign agents” of the B.A.R. Association will hope to discredit this book with the allegation it is just a “Conspiracy Theory”, but when a “Theory” is supported by facts, law and evidence, it is no longer a “Theory” it becomes “Fact”. I trust God will lead us to the truth and the American People can determine for themselves whether there is a “Conspiracy” at play or not.

Chapter Twenty One

“Hope”

Needless to say, I have changed greatly since my crack addiction of 1995 and have come a long way with my girl in an effort to make a difference in our world. What I hope this has shown you is that no matter how bad life is at this point in your life, it can all change to the better, if you trust God’s will for your life. God knows everything I need better than me and has brought me far in this life to where I am confident it will all work out as it is meant to. I believe the Beatles said it best, “All you need is love.” Love for yourself first, then when you are ready, share it with others. We must each look deep within ourselves to find the gift God has given us each and every one that can be used to make our world a better place. God does not make mistakes we are each here for a purpose and Dolly Parton said it best, “Find out your purpose and do it on purpose.” I believe God gave me the ability to write and knowledge to write about. I sincerely hope this pen of mine will give all those hurting in this life hope to carry on and the knowledge that no matter how bad life seems it can all change over night with God’s help. God’s got this, trust God to see it through. In God we trust.
